and Speech-Language Pathology Interstate Compact, if an
audiologist or speech-language pathologist changes primary
state of residence by moving to another member state, the
audiologist or speech-language pathologist shall apply for
licensure in the new home state and the license issued by the
prior home state shall be deactivated in accordance with
applicable rules adopted by the commission.

D. An audiologist or speech-language pathologist
may apply for licensure in advance of a change in primary state
of residence.

E. A license shall not be issued by a new home
state until the audiologist or speech-language pathologist
provides satisfactory evidence of a change in primary state of
residence to the new home state and satisfies all applicable
requirements to obtain a license from the new home state.

F. If an audiologist or speech-language pathologist
changes a primary state of residence by moving from a member
state to a non-member state, the license issued by the prior
home state shall convert to a single-state license, valid only
in the former home state.

J. If a home state license is encumbered, the licensee shall lose the compact privilege in any remote state until the following occur:

   (1) the home state license is no longer encumbered; and

   (2) two years have elapsed from the date of the adverse action.

K. Once an encumbered license in the home state is restored to good standing, the licensee shall meet the
requirements of Subsection A of this section to obtain a compact privilege in any remote state.

   L. Once the requirements of Subsection J of this section have been met, the licensee must meet the requirements in Subsection A of this section to obtain a compact privilege in a remote state.

[NEW MATERIAL] COMPACT PRIVILEGE TO PRACTICE TELEHEALTH.--Member states shall recognize the right of an audiologist or speech-language pathologist licensed by a home state in accordance with Section 4 of the Audiology and Speech-Language Pathology Interstate Compact and under rules promulgated by the commission, to practice audiology or speech-language pathology in any member state via telehealth under a privilege to practice as provided in the compact and rules promulgated by the commission.

SECTION 7. [NEW MATERIAL] ACTIVE DUTY MILITARY PERSONNEL OR THEIR SPOUSES.--Active duty military personnel, or the active duty military personnel's spouse, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change the home state through application for licensure in the new state.

SECTION 8. [NEW MATERIAL] ADVERSE ACTIONS.--
A. In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to:

    (1) take adverse action against an audiologist's or speech-language pathologist's privilege to practice within that member state;
    (2) issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before the court. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located; and
    (3) only the home state shall have the power to take adverse action against a audiologist's or speech-language pathologist's license issued by the home state.

B. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state...
state shall apply its own state laws to determine appropriate action.

C. The home state shall complete any pending investigations of an audiologist or speech-language pathologist who changes primary state of residence during the course of the investigations. The home state shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the data system shall promptly notify the new home state of any adverse actions.

D. If otherwise permitted by state law, the member state may recover from the affected audiologist or speech-language pathologist the costs of investigations and disposition of cases resulting from any adverse action taken against that audiologist or speech-language pathologist.

E. The member state may take adverse action based on the factual findings of the remote state, provided that the member state follows the member state's own procedures for taking the adverse action.

F. In addition to the authority granted to a member state by its respective audiology or speech-language pathology practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees. Member states shall share any investigative, litigation or compliance materials in
furtherance of any joint or individual investigation initiated under the compact.

G. If adverse action is taken by the home state against an audiologist's or speech language pathologist's license, the audiologist's or speech-language pathologist's privilege to practice in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an audiologist's or speech language pathologist's license shall include a statement that the audiologist's or speech-language pathologist's privilege to practice is deactivated in all member states during the pendency of the order.

H. If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

I. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

(3) a request for comments on the proposed rule from any interested person; and

(4) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

F. Prior to the adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) at least twenty-five persons;

(2) a state or federal governmental
subdivision or agency; or

(3) an association having at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing and the procedure for hearings shall be conducted according to the following provisions:

(1) all persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing;

(2) hearings shall be conducted in a manner that provides each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing;

(3) all hearings shall be recorded and a copy of the recording shall be made available on request; and

(4) nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

I. Following the scheduled hearing date, or by the
close of business on the scheduled hearing date if the hearing
was not held, the commission shall consider all written and
oral comments received.

    J. If no written notice of intent to attend the
public hearing by interested parties is received, the
commission may proceed with promulgation of the proposed rule
without a public hearing.

    K. The commission shall, by majority vote of all
members, take final action on the proposed rule and shall
determine the effective date of the rule, if any, based on the
rulemaking record and the full text of the rule.

    L. Upon determination that an emergency exists, the
commission may consider and adopt an emergency rule without
prior notice and an opportunity for comment or hearing;
provided that the usual rulemaking procedures provided in the
compact and in this section shall be retroactively applied to
the rule as soon as reasonably possible, but in no event later
than ninety days after the effective date of the rule. For the
purposes of this provision, an emergency rule is one that must
be adopted immediately in order to:

    (1) meet an imminent threat to public health,
safety or welfare;

    (2) prevent a loss of commission or member
state funds; or

    (3) meet a deadline for the promulgation of an
administrative rule that is established by federal law or rule.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

SECTION 13. [NEW MATERIAL] OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT.--

A. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and non-member states.

B. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

C. The commission, in the reasonable exercise of
its discretion, shall enforce the provisions and rules of this compact.

D. By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of litigation, including reasonable attorney fees.

E. The remedies provided in this section shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking
powers necessary to the implementation and administration of 
the compact.

       B. Any state that joins the compact subsequent to 
the commission's initial adoption of the rules shall be subject 
to the rules as they exist on the date on which the compact 
becomes law in that state. Any rule that has been previously 
adopted by the commission shall have the full force and effect 
of law on the day the compact becomes law in that state.

       C. Any member state may withdraw from this compact 
by enacting a statute repealing the same.

       D. A member state's withdrawal shall not take 
effect until six months after enactment of the repealing 
statute.

       E. Withdrawal shall not affect the continuing 
requirement of the withdrawing state's audiology and speech-
language pathology licensing board to comply with the 
investigative and adverse action reporting requirements of this 
compact prior to the effective date of withdrawal.

       F. Nothing contained in this compact shall be 
construed to invalidate or prevent any audiology and speech-
language pathology licensure agreement or other cooperative 
arrangement between a member state and a non-member state that 
does not conflict with the provisions of this compact.

       G. This compact may be amended by the member 
states. No amendment to this compact shall become effective

and binding upon any member state until it is enacted into the
laws of all member states.

SECTION 15.  [NEW MATERIAL] CONSTRUCTION AND
SEVERABILITY.--This compact shall be liberally construed so as
to effectuate the purposes of the compact. The provisions of
this compact shall be severable, and if any phrase, clause,
sentence or provision of this compact is declared to be
contrary to the constitution of any member state or of the
United States or the applicability thereof to any government,
agency, person or circumstance is held invalid, the validity of
the remainder of this compact and the applicability thereof to
any government, agency, person or circumstance shall not be
affected thereby. If this compact is held contrary to the
constitution of any member state, the compact shall remain in
full force and effect as to the remaining member states and in
full force and effect as to the member state affected as to all
severable matters.

SECTION 16.  [NEW MATERIAL] BINDING EFFECT OF COMPACT AND
OTHER LAWS.--

A. Nothing in this compact prevents the enforcement
of any other law of a member state that is not inconsistent
with the compact.

B. All laws in a member state in conflict with the
compact are superseded to the extent of the conflict.

C. All lawful actions of the commission, including
