Recruiting Veterans to New Mexico

Challenge:

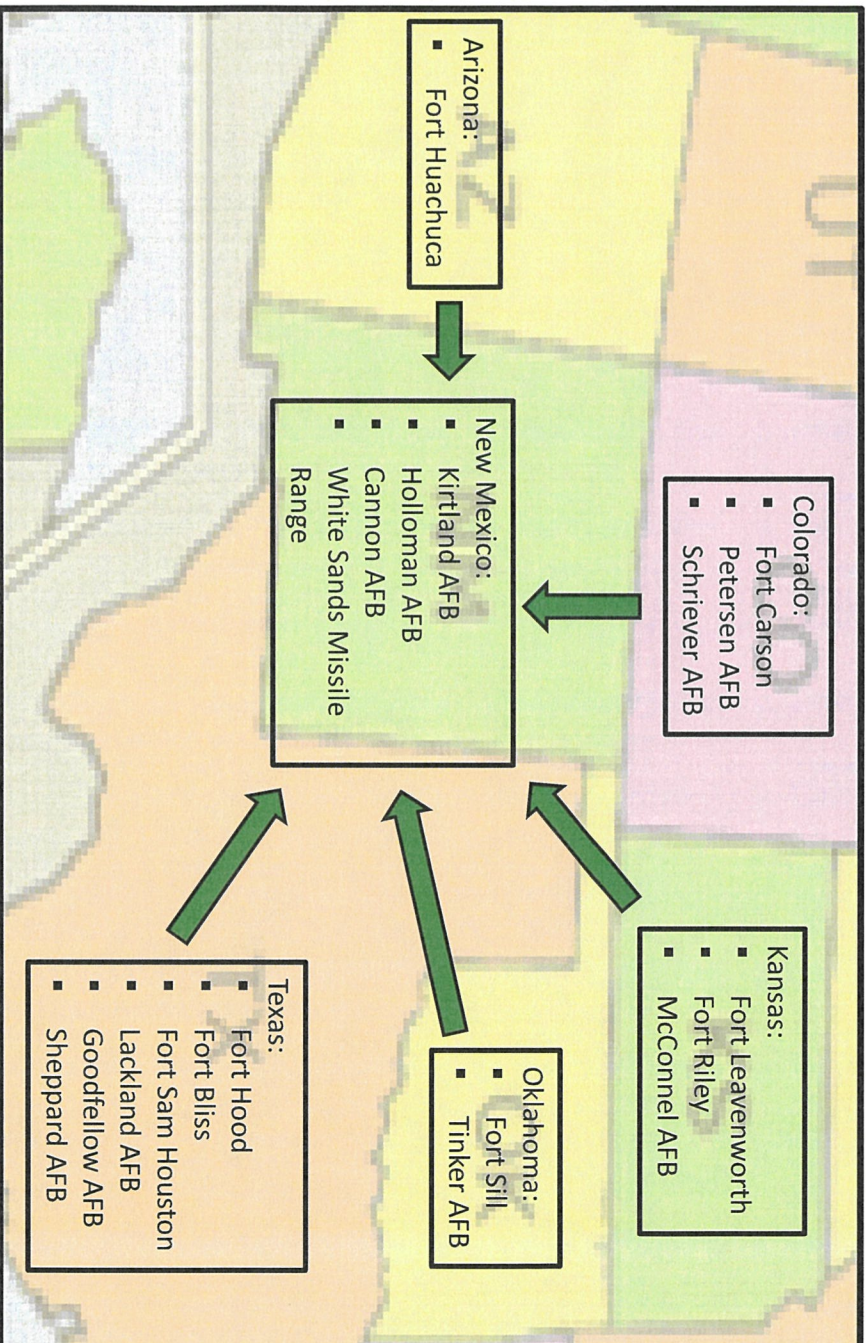

New Mexico is facing a significant workforce shortage and needs to find talented, skilled, motivated, and professional workers.

Opportunity:

Each year, thousands of Military Service Members and their family members transition from installations in and around New Mexico.

Unity of Effort:

The state of New Mexico and NMHSC develop and implement a plan to recruit and employ transitioning Military Service Members and their families to the "Land of Enchantment".

Why New Mexico:

Military Service Members and their families want to know the pros and cons of the areas they are assigned to or choose to reside. We must highlight the "Greatness of NM".

Incentives:

Benefits offered in New Mexico for Veterans should be vast and diverse (Tax breaks, education, training, and employment).

Goal:

NM expands its workforce pool by implementing a deliberate recruiting initiative focused on transitioning Veterans.
