WHAT IS TEAM TAOS?

Team Taos is an initiative to recruit as many full-time, local nurses as possible at your local hospital, with the following three goals:

- First, Holy Cross will be encouraging nurses that previously worked for the hospital or reside in the community to bring their skills to Holy Cross Hospital.
- Second, offer current traveling nurses permanent positions.
- Third, hire as many UNM Taos Nursing graduates as possible and support locals who are pursuing fulfilling careers in healthcare and want to remain in Taos.
