REVENUE STABILIZATION AND TAX POLICY COMMITTEE

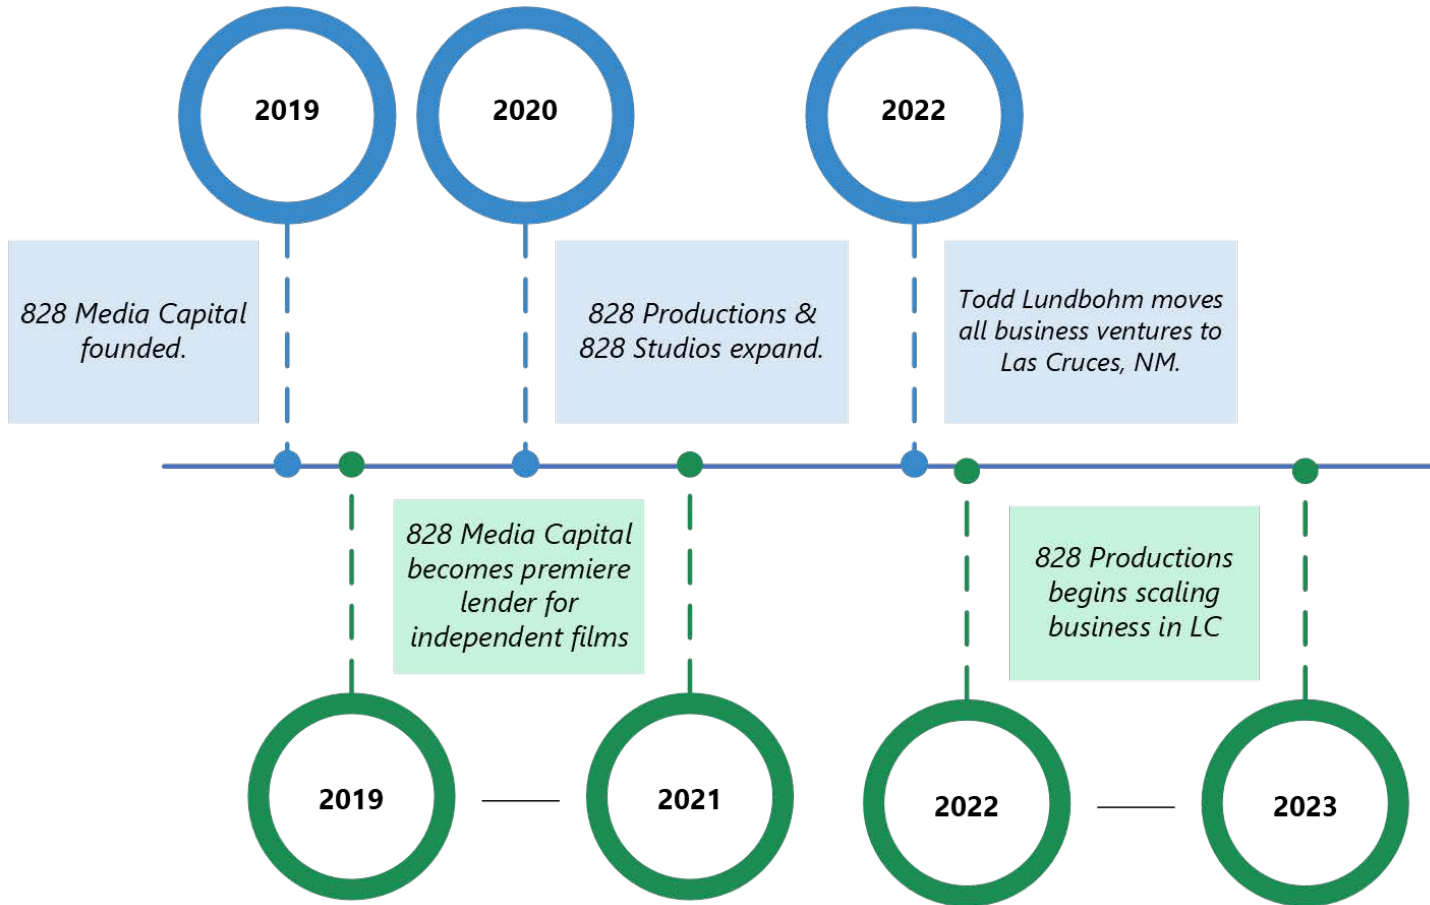

Mission Statement

828 Productions was founded to help artists tell their stories across genres, big or small. By providing comprehensive administrative, financial, and production services, we can create, and help others create, great content that will entertain and inform audiences around the world.

Our Journey

To Las Cruces and New Mexico

All things work together for good.

828 Productions History

Launch Pad For Expansion

Las Cruces is a burgeoning market that has a lot of potential for many industries to thrive, including ours. The locations offer a variety of looks and, Las Cruces specifically, has one of the best film tax incentives in the world. This, on top of the fact that it is the second largest city in NM and already offers many of the amenities a film production company would need, makes it a natural choice to grow our business.
