Presentation for the Legislative Education Study Committee

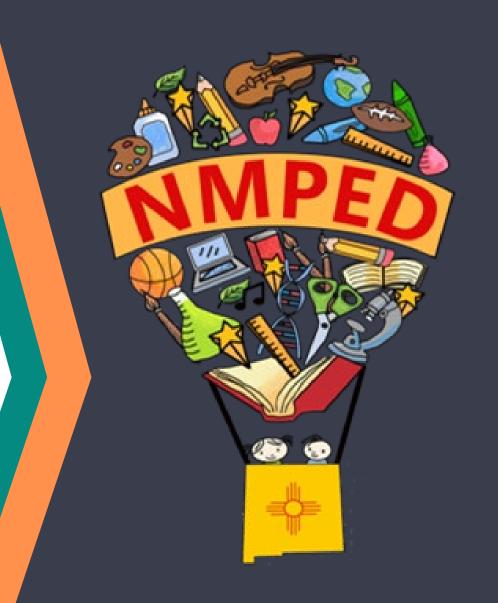

Spring 2023 Assessment Results

Dr. Arsenio Romero, Secretary Public Education Department

Gregory Frostad, Assistant Secretary Office of Policy, Research, and Technology Public Education Department

November 16, 2023

Investing for tomorrow, delivering today.

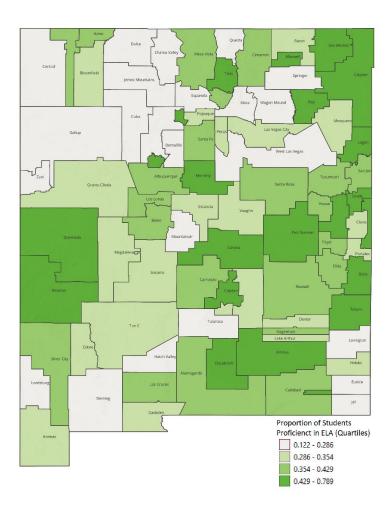

Background

2022-23 Statewide Student Assessments

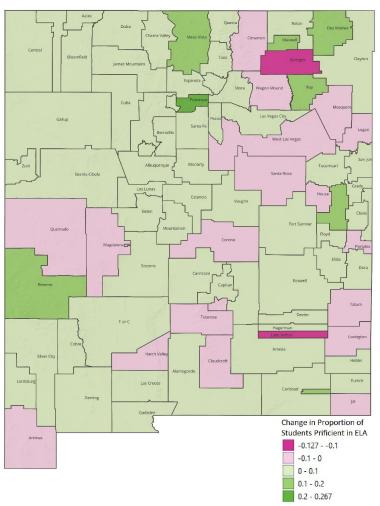

Measures of Student Success and Achievement (MSSA)	The MSSA is the summative assessment in math, English language arts, and Spanish language arts for students in grades 3-8.
Assessment of Science Readiness (ASR)	The ASR measures science proficiency aligned to the New Mexico STEM Ready! Science Standards. The assessment is required annually for students in grades 5, 8 and 11.
SAT	The SAT is a national assessment developed by The College Board to measure knowledge and skills that can consistently predict a student's success in college and workforce training programs. The SAT is administered annually to all students in grade 11.

2023 Highlights

School Leadership

- School leadership is a crucial lever for achieving transformation.
- Zia Elementary School principal engaged in leadership development and technical assistance.
- The Albuquerque School of Excellence is performing in the top 10 percent of all New Mexico public schools.

District Level Systems Change

- Gallup McKinley County Schools proactively designed and implemented systems of support and accountability to grow school leaders and teachers.
- Nine Gallup schools were identified as traditional, six of which improved from CSI or ATSI status in 2022 and 2019.
- Gallup exceded the state average in ELA growth by improving reading proficiency seven percentage points from 21 percent in 2022 to 28 percent in 2023.

Potential Policy Needs and Resources

- Fully fund assessments
- Continued focus on structured literacy
- Professional development funding for math and STEM
- Support for statewide student information system
- Additional funding to support the agency's data work
