

PERFORMANCE REPORT CARD: Fourth Quarter, FY23 Aging and Long-Term Services

The Aging and Long-Term Services Department (ALTSD) reported some decline in performance at the close of FY23. The department's mission is to serve older adults and adults with disabilities so that they can remain active, age with dignity, be protected from abuse, neglect, and exploitation, and have equal access to healthcare.

Consumer and Elder Rights

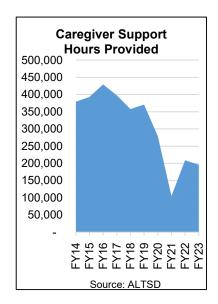

During the fourth quarter of FY23, the Aging and Disability Resource Center (ADRC) received 6,702 calls, an average of 107 per day, on trend with the close of FY22 but lower than pre-pandemic levels. The department reported consistent turnover contributed to the high vacancies and low performance. Additionally, the program is exploring an upgrade to the call system to alleviate the issue of abandoned calls, allowing immediate callbacks instead of calls going to voicemail. The top topics for which people contact ADRC include assistance with Medicaid, Medicare, senior centers, and Covid-19. The program reported ombudsmen in-person visits to nursing homes and assisted-living facilities is increasing as pandemic restrictions change.

Adult Protective Services

The Adult Protective Services Program (APS) began reporting on repeat maltreatment substantiations within six months of a previous substantiation of abuse or neglect in FY21. This performance measure assists the state in assessing the effectiveness of the program in preventing maltreatment. At the close of FY23, the program continued to report no instances of repeat maltreatment. The program met the performance target for priority investigations, making face-to-face contact quickly and increased the outreach events. Previously, the department was providing outreach through virtual platforms, but it is now returning to a regionally based outreach approach.

Aging Network

The Aging Network is not on track to meet targeted performance for the hours of caregiver support for FY23 and continues to fall below pre-pandemic levels. Services included in this measure are home care, adult daycare, respite care, and counseling and support groups. These services are provided by area agencies on aging, contract providers, and the New Mexico chapter of the Alzheimer's Association. The department reported the number of hours of caregiver support were 16,280 hours of respite care, 21,869 of adult daycare, 13,558 hours of homemakers, and 3,093 hours of other support services.
