Work Plan

The Military and Veterans' Affairs Committee was first created by statute for the 2009 interim. The committee was permanently reauthorized by statute during the 2010 regular legislative session. The committee has various statutory duties, including making an annual report; recommending any necessary legislation to the next session of the legislature; and requesting necessary action to the United States Congress, the United States Department of Veterans Affairs and the United States Department of Defense. The committee is required to conduct meetings in several geographically dispersed areas of the state and to conduct hearings relating to military issues and veterans' issues.

During the 2022 interim, as time permits, the Military and Veterans' Affairs Committee will:

1. receive updates from New Mexico's military installations;
2. study issues relating to female veterans;
3. receive updates regarding college credit for military service from the Higher Education Department and the Veterans' Services Department;
4. receive testimony regarding jobs and business opportunities for veterans;
5. study long-term care options for veterans;
6. study transportation to and from medical providers for veterans, particularly those living in rural areas of the state;
7. receive testimony pertaining to education opportunities and outreach offered by state

educational institutions and public community colleges to veteran students;

8. examine options for the prevention of homelessness and support for homeless veterans in areas throughout the state;

9. receive testimony regarding health care options both within the Veterans Administration system and outside of it, including behavioral health care, suicide prevention and treatment for posttraumatic stress disorder;

10. examine actions New Mexico can take to improve quality of life for military and veteran families;

11. study the creation of veterans' courts in various judicial districts in New Mexico;

12. examine issues relating to New Mexico's active duty, reserve and National Guard military personnel, veterans and military families;

13. examine various issues relating to veterans and taxes;

14. receive updates on the proposal by the United States Department of Veterans Affairs to close four community-based outpatient clinics in New Mexico and transfer behavioral health services to Arizona;

15. examine housing issues near New Mexico's military installations;

16. receive an update regarding the Navajo Code Talkers Museum; and

17. receive testimony from the Veterans' Services Department to better define the needs of the department.
