VOTING RECORD  
Fifty-Second Legislature  
First Session  
2016

The Voting Record of the Fifty-Second Legislature, State of New Mexico, Second Session, 2016 is a collection of the roll call votes on final passage for bills, resolutions and memorials as provided by the chief clerks of the house and senate. The votes are also available on the Bill Finder of the legislature's web site, [www.nmlegis.gov](http://www.nmlegis.gov).

The reader may need to refer to the house and senate journals and the bills themselves to better understand the context of a particular vote, although it is not always possible to reflect the true sentiment of the voter in the legislative records. Copies of the journals are available on request from the Legislative Council Service library.

The entries of the Final Bill Locator provided in this document are a subset of the full Final Bill Locator in that the entries include only legislation with floor votes. As such, this document is a guide to legislation that had votes on final passage in either chamber; please refer to pages and for explanations of the abbreviations used. The full Final Bill Locator, which includes all legislation introduced in the 2016 session, is available on the legislature's web site or as a print document from the Legislative Council Service library.
