AN ACT

MAKING GENERAL APPROPRIATIONS AND AUTHORIZING EXPENDITURES BY STATE AGENCIES REQUIRED BY LAW.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. SHORT TITLE.--This act may be cited as the "General Appropriation Act of 2019".

Section 2. DEFINITIONS.--As used in the General Appropriation Act of 2019:

A. "agency" means an office, department, agency, institution, board, bureau, commission, court, district attorney, council or committee of state government;

B. "efficiency" means the measure of the degree to which services are efficient and productive and is often expressed in terms of dollars or time per unit of output;

C. "explanatory" means information that can help users to understand reported performance measures and to evaluate the significance of underlying factors that may have affected the reported information;

D. "federal funds" means any payments by the United States government to state government or agencies except those payments made in accordance with the federal Mineral Leasing Act;

E. "full-time equivalent" means one or more authorized positions that alone or together receives or receive compensation for not more than two thousand ninety-six hours worked in fiscal year
2020. The calculation of hours worked includes compensated absences but does not include overtime, compensatory time or sick leave paid pursuant to Section 10-7-10 NMSA 1978;

F. “general fund” means that fund created by Section 6-4-2 NMSA 1978 and includes federal Mineral Leasing Act receipts and those payments made in accordance with the federal block grant and the federal Workforce Investment Act but excludes the general fund operating reserve, the appropriation contingency fund, the tax stabilization reserve and any other fund, reserve or account from which general appropriations are restricted by law;

G. “interagency transfers” means revenue, other than internal service funds, legally transferred from one agency to another;

H. “internal service funds” means:
   (1) revenue transferred to an agency for the financing of goods or services to another agency on a cost-reimbursement basis; and
   (2) balances in agency internal service fund accounts appropriated by the General Appropriation Act of 2019;

I. “other state funds” means:
   (1) nonreverting balances in agency accounts, other than in internal service funds accounts, appropriated by the General Appropriation Act of 2019;
   (2) all revenue available to agencies from sources other than the general fund, internal service funds, interagency transfers and federal funds; and
   (3) all revenue, the use of which is restricted by statute or agreement;

J. “outcome” means the measure of the actual impact or public benefit of a program;

K. “output” means the measure of the volume of work completed or the level of actual services or products delivered by a program;

L. “performance measure” means a quantitative or qualitative indicator used to assess a program;
M. “quality” means the measure of the quality of a good or service produced and is often an
indicator of the timeliness, reliability or safety of services or products produced by a program;
N. “revenue” means all money received by an agency from sources external to that agency, net
of refunds and other correcting transactions, other than from issue of debt, liquidation of investments
or as agent or trustee for other governmental entities or private persons; and
O. “target” means the expected level of performance of a program’s performance measures.

Section 3. GENERAL PROVISIONS.--
A. Amounts set out under column headings are expressed in thousands of dollars.
B. Amounts set out under column headings are appropriated from the source indicated by the
column heading. All amounts set out under the column heading “Internal Service Funds/Interagency
Transfers” are intergovernmental transfers and do not represent a portion of total state government
appropriations. All information designated as “Total” or “Subtotal” is provided for information and
amounts are not appropriations.
C. Amounts set out in Section 4 of the General Appropriation Act of 2019, or so much as may
be necessary, are appropriated from the indicated source for expenditure in fiscal year 2020 for the
objects expressed.
D. Unexpended balances in agency accounts remaining at the end of fiscal year 2019 shall
revert to the general fund by October 1, 2019 unless otherwise indicated in the General Appropriation Act
of 2019 or otherwise provided by law.
E. Unexpended balances in agency accounts remaining at the end of fiscal year 2020 shall
revert to the general fund by October 1, 2020 unless otherwise indicated in the General Appropriation Act
of 2019 or otherwise provided by law.
F. The state budget division shall monitor revenue received by agencies from sources other
than the general fund and shall reduce the operating budget of any agency whose revenue from such sources
is not meeting projections. The state budget division shall notify the legislative finance committee of
any operating budget reduced pursuant to this subsection.

G. Except as otherwise specifically stated in the General Appropriation Act of 2019, appropriations are made in this act for the expenditures of agencies and for other purposes as required by existing law for fiscal year 2020. If any other act of the first session of the fifty-fourth legislature changes existing law with regard to the name or responsibilities of an agency or the name or purpose of a fund or distribution, the appropriation made in the General Appropriation Act of 2019 shall be transferred from the agency, fund or distribution to which an appropriation has been made as required by existing law to the appropriate agency, fund or distribution provided by the new law.

H. The department of finance and administration will regularly consult with the legislative finance committee staff to compare fiscal year 2020 revenue collections with the revenue estimate. If the analyses indicate that revenues and transfers to the general fund are not expected to meet appropriations, then the department shall present a plan to the legislative finance committee that outlines the methods by which the administration proposes to address the deficit.

I. Pursuant to Sections 6-3-23 through 6-3-25 NMSA 1978, agencies whose revenue from state board of finance loans, from revenue appropriated by other acts of the legislature, or from gifts, grants, donations, bequests, insurance settlements, refunds or payments into revolving funds exceeds specifically appropriated amounts may request budget increases from the state budget division. If approved by the state budget division, such money is appropriated.

J. Except for gasoline credit cards used solely for operation of official vehicles, telephone credit cards used solely for official business and procurement cards used as authorized by Section 6-5-9.1 NMSA 1978, none of the appropriations contained in the General Appropriation Act of 2019 may be expended for payment of agency-issued credit card invoices.

K. For the purpose of administering the General Appropriation Act of 2019, the state of New Mexico shall follow the modified accrual basis of accounting for governmental funds in accordance with the manual of model accounting practices issued by the department of finance and administration.

The internal service funds/interagency transfers appropriation to the public pre-kindergarten fund of the public education department is from the federal temporary assistance for needy families block grant to New Mexico.

The appropriations to the public pre-kindergarten fund of the public education department include sufficient funding to continue the established extended-day prekindergarten pilot program during the 2019-2020 school year.

The secretary of public education shall not make an award to a prekindergarten program at a school district or charter school that provides fewer days each week for its prekindergarten program than the number of school days provided each week in that school district or charter school for other grade levels during the school year.

The general fund appropriation to the public education department for parent and family engagement shall be used to increase parental involvement in public schools and support parent teacher associations.

The general fund appropriation to the public education department for bilingual and multicultural education support shall be used to support English learners and bilingual and multicultural education program instruction, meet statutory requirements pursuant to the Bilingual Multicultural Education Act and provide local professional learning opportunities and resources for students, parents and school personnel on culturally and linguistically responsive instruction.

shall be used to establish or expand school-based health centers statewide. The general fund appropriation to the public education department for the career and technical education pilot is contingent on enactment of a bill in the first session of the fifty-fourth legislature establishing a career technical education pilot program. A school district or charter school may submit an application to the public education department for an allocation from the career technical education pilot appropriation to develop a new industry-validated career pathway aligned to department-approved academic content and performance standards.

The internal service funds/interagency transfers appropriation to the graduation, reality and dual-role skills program of the public education department is from the federal temporary assistance for needy families block grant to New Mexico.

The other state funds appropriation to the public education department for the teacher and administrator evaluation system is from the educator licensure fund.

Except for appropriations to the public pre-kindergarten fund, any unexpended balances in the special appropriations to the public education department remaining at the end of fiscal year 2020 from appropriations made from the general fund shall revert to the general fund.

**TOTAL OTHER EDUCATION**

On approval of the higher education department, the state budget division of the department of finance and administration may approve increases in budgets of agencies in this subsection, with the exception of the policy development and institutional financial oversight program of the higher education department, whose other state funds exceed amounts specified. In approving budget increases, the director of the state budget division shall advise the legislature through its officers and appropriate committees, in writing, of the justification for the approval.

The department of finance and administration shall, as directed by the secretary of higher education, withhold from an educational institution or program that the higher education department places under an enhanced fiscal oversight program a portion, up to ten percent, of the institution’s or program’s general fund allotments. On written notice by the secretary of higher education that the institution or program has made sufficient progress toward satisfying the requirements imposed by the higher education department under the enhanced fiscal oversight program, the department of finance and administration shall release the withheld allotments. Money withheld in accordance with this provision and not released at the end of fiscal year 2020 shall revert to the general fund. The secretary of the department of finance and administration shall advise the legislature through its officers and appropriate committees, in writing, of the status of all withheld allotments.

Except as otherwise provided, any unexpended balances remaining at the end of fiscal year 2020 shall not revert to the general fund.
HIGHER EDUCATION DEPARTMENT:

(1) Policy development and institutional financial oversight:
The purpose of the policy development and institutional financial oversight program is to provide a
continuous process of statewide planning and oversight within the department's statutory authority for
the state higher education system and to ensure both the efficient use of state resources and progress in
implementing a statewide agenda.

(c) Other  10,845.5  114.6  242.4  7,260.5  18,463.0

The general fund appropriation to the policy development and institutional financial oversight program of
the higher education department in the other category includes seven million two hundred thirty-five
thousand nine hundred dollars ($7,235,900) to provide adults with education services and materials and
access to high school equivalency tests, one hundred thirty-eight thousand three hundred dollars
($138,300) for workforce development programs at community colleges that primarily educate and retrain
recently displaced workers, four hundred sixty-one thousand one hundred dollars ($461,100) for the high
skills program, ninety-two thousand six hundred dollars ($92,600) for English-learner teacher preparation
and one hundred eighty-three thousand nine hundred dollars ($183,900) to the tribal college dual-credit
program fund.

The general fund appropriation to the policy development and institutional financial oversight
program of the higher education department in the contractual services category includes six hundred
ninety-six thousand one hundred dollars ($696,100) for an adult literacy program.

Any unexpended balances in the policy development and institutional financial oversight program of
the higher education department remaining at the end of fiscal year 2020 from appropriations made from
the general fund shall revert to the general fund.

K. PUBLIC SCHOOL SUPPORT
Except as otherwise provided, unexpended balances of appropriations made in this subsection shall not revert at the end of fiscal year 2020.

PUBLIC SCHOOL SUPPORT:

1. State equalization guarantee distribution:

   The purpose of public school support is to carry out the mandate to establish and maintain a uniform system of free public schools sufficient for the education of, and open to, all the children of school age in the state.

   **Appropriations:** 3,071,053.4 5,000.0 3,076,053.4

   The rate of distribution of the state equalization guarantee distribution shall be based on a program unit value determined by the secretary of public education. The secretary of public education shall establish a preliminary unit value to establish budgets for the 2019-2020 school year and then, on verification of the number of units statewide for fiscal year 2020 but no later than January 31, 2020, the secretary of public education may adjust the program unit value. In setting the preliminary unit value and the final unit value in January, the public education department shall consult with the department of finance and administration, the legislative finance committee and the legislative education study committee.

   The general fund appropriation to the state equalization guarantee distribution includes forty million four hundred thirty-three thousand dollars ($40,433,000) contingent on enactment of a bill in the first session of the fifty-fourth legislature amending the School Personnel Act to increase the level one teacher minimum salary level to forty-one thousand dollars ($41,000), level two teacher minimum salary level to fifty thousand dollars ($50,000), level three-A teacher minimum salary level to sixty thousand dollars ($60,000) and level three-B administrator minimum salary level for licensed school principals or licensed assistant school principals to sixty thousand dollars ($60,000). The secretary of public education shall ensure that during fiscal year 2020 no full-time level one teacher receives a base salary less than forty-one thousand dollars ($41,000), no full-time level two teacher receives a base salary
less than fifty thousand dollars ($50,000), no full-time level three-A teacher receives a base salary
less than sixty thousand dollars ($60,000) and no full-time level three-B school principal or level
three-B assistant school principal receives a base salary less than sixty thousand dollars ($60,000)
multiplied by the applicable responsibility factor as defined in Subsection B of Section 22-10A-2 NMSA
1978.

The general fund appropriation to the state equalization guarantee distribution includes seventy-
seven million seven hundred fifty-three thousand dollars ($77,753,000) to provide at least a six percent
salary increase to all licensed teachers whose primary duty is classroom instruction. This amount shall
be provided separately and prior to any amendments to the statutory minimum salary of level one teachers,
level two teachers and level three-A teachers in the School Personnel Act enacted in the first session of
the fifty-fourth legislature. The secretary of public education shall not approve the operating budget of
a school district or charter school that does not provide at least a six percent salary increase for all
licensed teachers whose primary duty is classroom instruction.

The general fund appropriation to the state equalization guarantee distribution includes six
million two hundred twenty-five thousand four hundred dollars ($6,225,400) to provide at least a six
percent salary increase to all licensed school principals and licensed assistant school principals whose
primary duty is school administration. This amount shall be provided separately and prior to any
amendments to the statutory minimum salary of level three-B administrators in the School Personnel Act
enacted in the first session of the fifty-fourth legislature. The secretary of public education shall not
approve the operating budget of a school district or charter school that does not provide at least a six
percent salary increase for all licensed school principals and licensed assistant school principals whose
primary duty is school administration.

The general fund appropriation to the state equalization guarantee distribution includes thirty-
seven million six hundred ninety-four thousand four hundred dollars ($37,694,400) to provide an average
six percent salary increase for all instructional staff and other licensed and unlicensed staff, other

than licensed teachers with a primary duty of classroom instruction, or licensed school principals or licensed assistant school principals with a primary duty of school administration. The secretary of public education shall not approve the operating budget of a school district or charter school that does not provide an average six percent salary increase for all instructional staff and other licensed and unlicensed staff other than licensed teachers with a primary duty of classroom instruction, or licensed school principals or licensed assistant school principals with a primary duty of school administration. The secretary of public education shall not approve the operating budget of a school district or charter school that does not prioritize salary increases for instructional staff or disproportionately allocates salary increases for central office administrators; provided that school districts and charter schools are encouraged to allocate average salary increases for all school staff the same as licensed teachers with a primary duty of classroom instruction.

The general fund appropriation to the state equalization guarantee distribution includes eight million five hundred thousand dollars ($8,500,000) to provide public education employees eligible for coverage under the Educational Retirement Act an employer-paid pension increase contingent on enactment of a bill in the first session of the fifty-fourth legislature amending the Educational Retirement Act to increase employer-paid pension contributions by one-half percent.

The general fund appropriation to the state equalization guarantee distribution includes one hundred million nine hundred forty-nine thousand eight hundred dollars ($100,949,800) contingent on enactment of a bill in the first session of the fifty-fourth legislature amending the Public School Code to do the following: define a maximum age for a school-age person and a qualified student of twenty-two years old, increase the at-risk index multiplier to twenty-five hundredths, eliminate school size adjustments for schools in large school districts and establish a formula factor for schools in rural areas.

The general fund appropriation to the state equalization guarantee distribution includes sixty-two million four hundred ninety-seven thousand five hundred dollars ($62,497,500) contingent on enactment of
a bill in the first session of the fifty-fourth legislature amending the Public School Code to establish
an extended learning time program factor in the public school funding formula for extended learning time
programs. The secretary of public education shall consider those extended learning time programs eligible
for state financial support and the amount of state funding available for extended learning time programs
and determine, in consultation with the department of finance and administration, legislative finance
committee and legislative education study committee, the programs and consequent numbers of students in
extended learning time programs that will be used to calculate the number of additional program units for
extended learning time programs. Any amount of the sixty-two million four hundred ninety-seven thousand
five hundred dollar ($62,497,500) appropriation that is not distributed through the new extended learning
time program factor, calculated by multiplying the final program unit value set for the 2019-2020 school
year by the total extended learning time program units and subtracting that product from sixty-two
million four hundred ninety-seven thousand five hundred dollars ($62,497,500), shall be transferred to
the state-support reserve fund.

The general fund appropriation to the state equalization guarantee distribution includes one
hundred nineteen million eight hundred ninety-five thousand nine hundred dollars ($119,895,900)
contingent on enactment of a bill in the first session of the fifty-fourth legislature amending the
Public School Code to establish a K-5 plus factor in the public school funding formula for K-5 plus
programs. The secretary of public education shall consider those K-5 plus programs eligible for state
financial support and the amount of state funding available for K-5 plus programs and determine, in
consultation with the department of finance and administration, legislative finance committee and
legislative education study committee, the programs and consequent numbers of students in K-5 plus
programs that will be used to calculate the number of additional program units for K-5 plus programs. Any
amount of the one hundred nineteen million eight hundred ninety-five thousand nine hundred dollar
($119,895,900) appropriation that is not distributed through the new K-5 plus program factor, calculated
by multiplying the final program unit value set for the 2019-2020 school year by the total K-5 plus
program units and subtracting that product from one hundred nineteen million eight hundred ninety-five
thousand nine hundred dollars ($119,895,900), shall be transferred to the state-support reserve fund.

For fiscal year 2020, if the program cost made available is insufficient to meet the level of state
support required by the special education maintenance of effort requirements of Part B of the federal
Individuals with Disabilities Education Act, the public education department shall reduce the program
cost in an amount that equals the projected shortfall and distribute that amount to school districts and
charter schools in the same manner and on the same basis as the state equalization guarantee distribution
to meet the level of support required by Part B of the federal Individuals with Disabilities Education
Act for fiscal year 2020 and shall reduce the final unit value to account for the reduction.

After considering those elementary physical education programs eligible for state financial support
and the amount of state funding available for elementary physical education, the secretary of public
education shall annually determine the programs and the consequent numbers of students in elementary
physical education that will be used to calculate the number of elementary physical education program
units, provided that no school district or charter school shall generate elementary physical education
program units in fiscal year 2020 in excess of the total average number of elementary school students
enrolled on the second and third reporting date of the 2018-2019 school year multiplied by the cost
differential factor of six one-hundredths as established in Section 22-8-23.7 NMSA 1978.

The public education department shall monitor and evaluate the ways in which school districts and
individual schools use funding distributed for at-risk program units, bilingual and multicultural
education program units, extended learning time program units, K-5 plus program units, instructional
materials and classroom instruction in fiscal year 2020 and report its findings and recommendations to
the governor, legislative education study committee and legislative finance committee on or before
December 1, 2019.

The general fund appropriation to the state equalization guarantee distribution includes sufficient
funding for school districts and charter schools to purchase culturally appropriate instructional
materials for qualified students attending public schools. The public education department shall monitor and evaluate the extent to which school districts and charter schools purchase and use instructional materials relevant to the cultures, languages, history and experiences of culturally diverse students.

The public education department shall not approve the operating budget of any school district or charter school to operate a four-day school week during the 2019-2020 school year that did not provide a four-day school week during the 2018-2019 school year.

The public education department shall not approve the operating budget of any school district or charter school with fewer than fifty thousand students that spends less than one standard deviation below the average expenditure rate of comparable school districts and charter schools on instruction, student support services and instructional support services unless that school district or charter school demonstrates the budgeted spending level for instruction, student support services and instructional support services is sufficient to provide a free and appropriate public education to all students.

The public education department shall not approve the operating budget of any school district or charter school with greater than or equal to fifty thousand students that spends less than seventy-five percent of general fund appropriations on instruction, student support services and instructional support services unless that school district or charter school demonstrates the budgeted spending level for instruction, student support services and instructional support services is sufficient to provide a free and appropriate public education to all students.

Funds appropriated from the general fund to the state equalization guarantee distribution or any cash balances derived from appropriations from the general fund to the state equalization guarantee distribution in any year shall not be used to fund any litigation against the state unless or until a court issues a final decision in favor of a plaintiff school district or charter school and all legal remedies have been exhausted.

The general fund appropriation to the public school fund shall be reduced by the amounts transferred to the public school fund from the current school fund and from federal Mineral Leasing Act...
receipts otherwise unappropriated.

The general fund appropriation to the state equalization guarantee distribution reflects the
deduction of federal revenue pursuant to Paragraph (2) of Subsection C of Section 22-8-25 NMSA 1978 that
includes payments to school districts and charter schools commonly known as “impact aid funds” pursuant
to 20 U.S.C. 7701 et seq., and formerly known as “PL874 funds.”

The other state funds appropriation is from the balances received by the public education
department pursuant to Section 66-5-44 NMSA 1978.

Within thirty calendar days of initial submission, the secretary of public education shall process
and pay each request for reimbursement submitted to the public education department by a school district
or charter school.

The department of finance and administration may adjust a school district’s or charter school’s
monthly state equalization guarantee progress payment to provide flexibility to meet cash flow needs,
provided that no school district or charter school shall receive an annual state equalization guarantee
distribution that is more than their proportionate fiscal year 2020 share.

Any unexpended balances in the authorized distributions remaining at the end of fiscal year 2020
from appropriations made from the general fund shall revert to the general fund.

(2) Transportation distribution:

| Appropriations: | 88,628.5 | 25,000.0 | 113,628.5 |

The other state funds appropriation to the transportation distribution is from the public school capital outlay fund.

The general fund appropriation to the transportation distribution includes three million five hundred sixty-seven thousand six hundred dollars ($3,567,600) to provide an average six percent salary increase to all school transportation employees. The secretary of public education shall not approve the operating budget of a school district or charter school that does not provide an average six percent salary increase for all school transportation employees.

The general fund appropriation to the transportation distribution includes two million seven hundred forty-five thousand six hundred dollars ($2,745,600) for transportation of students to extended
learning time programs contingent on enactment of a bill in the first session of the fifty-fourth legislature amending the Public School Code to establish an extended learning time program factor. If a school district or state-chartered charter school does not transport students to extended learning time programs, the school district’s or state-chartered charter school’s proportionate share of the two million seven hundred forty-five thousand six hundred dollar ($2,745,600) appropriation to the transportation distribution for extended learning time programs shall be transferred to the state-support reserve fund.

The general fund appropriation to the transportation distribution includes three million seven hundred forty-four thousand dollars ($3,744,000) for transportation of students to K-5 plus programs contingent on enactment of a bill in the first session of the fifty-fourth legislature amending the Public School Code to establish a K-5 plus program factor. If a school district or state-chartered charter school does not transport students to K-5 plus programs, the school district’s or state-chartered charter school’s proportionate share of the three million seven hundred forty-four thousand dollar ($3,744,000) appropriation to the transportation distribution for extended learning time programs shall be transferred to the state-support reserve fund.
