B. Before making a distribution or transfer specified in Subsection A of this section to a municipality or county for the month, amounts comprising the net receipts shall be segregated into two mutually exclusive categories. One category shall be for amounts relating to the current month, and the other category shall be for amounts relating to prior periods. The total of each category for a municipality or county shall be reported each month to that municipality or county. If the total of the amounts relating to prior periods is less than zero and its absolute value exceeds the greater of one hundred dollars ($100) or an amount equal to twenty percent of the average distribution or transfer amount for that municipality or county, then the following procedures shall be carried out:

(1) all negative amounts relating to any period prior to the three calendar years preceding the year of the current month, net of any positive amounts in that same time period for the same taxpayers to which the negative amounts pertain, shall be excluded from the total relating to prior periods. Except as provided in Paragraph (2) of this subsection, the net receipts to be distributed or transferred to the municipality or county shall be adjusted to equal the amount for the current month plus the revised total for prior periods; and

(2) if the revised total for prior periods

C. The department shall recover from a municipality or county the amount excluded by Paragraph (2) of Subsection B of this section. This amount may be referred to as the "recoverable amount".

D. Prior to or concurrently with the distribution or transfer to the municipality or county of the adjusted net receipts, the department shall notify the municipality or county whose distribution or transfer has been adjusted pursuant to Paragraph (2) of Subsection B of this section:

(1) that the department has made such an adjustment, that the department has determined that a specified amount is recoverable from the municipality or county and that the department intends to recover that amount from future distributions or transfers to the municipality or county;

(2) that the municipality or county has ninety days from the date notice is made to enter into a mutually
agreeable repayment agreement with the department;

(3) that if the municipality or county takes no action within the ninety-day period, the department will recover the amount from the next six distributions or transfers following the expiration of the ninety days; and

(4) that the municipality or county may inspect, pursuant to Section 7-1-8.9 NMSA 1978, an application for a claim for refund that gave rise to the recoverable amount, exclusive of any amended returns that may be attached to the application.

E. No earlier than ninety days from the date notice pursuant to Subsection D of this section is given, the department shall begin recovering the recoverable amount from a municipality or county as follows:

(1) the department may collect the recoverable amount by:

(a) decreasing distributions or transfers to the municipality or county in accordance with a repayment agreement entered into with the municipality or county; or

(b) except as provided in Paragraphs (2) and (3) of this subsection, if the municipality or county fails to act within the ninety days, decreasing the amount of the next six distributions or transfers to the municipality or county following expiration of the ninety-day period in
increments as nearly equal as practicable and sufficient to
recover the amount;

(2) if, pursuant to Subsection B of this
section, the secretary determines that the recoverable amount
is more than fifty percent of the average distribution or
transfer of net receipts for that municipality or county, the
secretary:

(a) shall recover only up to fifty
percent of the average distribution or transfer of net receipts
for that municipality or county; and

(b) may, in the secretary's discretion,
waive recovery of any portion of the recoverable amount,
subject to approval by the state board of finance; and

(3) if, after application of a refund claim,
audit adjustment, correction of a mistake by the department or
other adjustment of a prior period, but prior to any recovery
of the department pursuant to this section, the total net
receipts of a municipality or county for the twelve-month
period beginning with the current month are reduced or are
projected to be reduced to less than fifty percent of the
average distribution or transfer of net receipts, the secretary
may waive recovery of any portion of the recoverable amount,
subject to approval by the state board of finance.

F. No later than ninety days from the date notice
pursuant to Subsection D of this section is given, the
department shall provide the municipality or county adequate
opportunity to review an application for a claim for refund
that gave rise to the recoverable amount, exclusive of any

G. On or before September 1 of each year beginning
in 2016, the secretary shall report to the state board of
finance and the legislative finance committee the total
recoverable amount waived pursuant to Subparagraph (b) of
Paragraph (2) and Paragraph (3) of Subsection E of this section

Mexico finance authority. The secretary shall transfer the
state distributions intercept amount to the municipal or county
treasurer or other person designated by the secretary of
finance and administration or to the New Mexico finance
authority pursuant to written agreement to pay the debt service
to avoid default on qualified local revenue bonds or meet other
local revenue bond, loan or other debt obligations of the
municipality or county to the New Mexico finance authority. A
decrease to or redirection of a distribution or transfer
pursuant to this subsection that arose:

(1) prior to an adjustment of a distribution
or transfer of net receipts creating a recoverable amount owed
to the department takes precedence over any collection of any
recoverable amount pursuant to Paragraph (2) of Subsection B of
this section, which may be made only from the net amount of the
distribution or transfer remaining after application of the
decrease or redirection pursuant to this subsection; and

(2) after an adjustment of a distribution or
transfer of net receipts creating a recoverable amount owed to
the department shall be subordinate to any collection of any
recoverable amount pursuant to Paragraph (2) of Subsection B of
I. Upon the direction of the secretary of finance and administration pursuant to Section 9-6-5.2 NMSA 1978, the secretary shall temporarily withhold the balance of a distribution to a municipality or county, net of any decrease or redirected amount pursuant to Subsection H of this section and any recoverable amount pursuant to Paragraph (2) of Subsection B of this section, that has failed to submit an audit report required by the Audit Act or a financial report required by Subsection F of Section 6-6-2 NMSA 1978. The amount to be withheld, the source of the withheld distribution and the number of months that the distribution is to be withheld shall be as directed by the secretary of finance and administration. A distribution withheld pursuant to this subsection shall remain in the tax administration suspense fund until distributed to the municipality or county and shall not be distributed to the general fund.
