.230052.lms

1 A. A consumer may invoke the consumer rights
2 authorized pursuant to this section at any time by submitting a
3 request to a controller specifying the consumer rights the
4 consumer wishes to invoke. A known child's parent or legal
5 guardian may invoke such consumer rights on behalf of the child
6 regarding processing personal data belonging to the known
7 child. A controller shall comply with an authenticated
8 consumer request to exercise the right:

9 (1) to confirm whether or not a controller is
10 processing the consumer's personal data and to access such
11 personal data;

12 (2) to correct inaccuracies in the consumer's
13 personal data, taking into account the nature of the personal
14 data and the purposes of the processing of the consumer's
15 personal data;

16 (3) to delete personal data provided by or
17 obtained about the consumer;

18 (4) to obtain a copy of the consumer's
19 personal data that the consumer previously provided to the
20 controller in a portable and, to the extent technically
21 feasible, readily usable format that allows the consumer to
22 transmit the data to another controller without hindrance,
23 where the processing is carried out by automated means; and

24 (5) to opt out of the processing of the
25 personal data for purposes of targeted advertising, the sale of

1 personal data or profiling in furtherance of decisions that
2 produce legal or similarly significant effects concerning the
3 consumer.

4 B. A consumer may exercise rights under this
5 section by a secure and reliable means established by the
6 controller and described to the consumer in the controller's
7 privacy notice. In the case of processing personal data of a
8 known child, the parent or legal guardian may exercise such
9 consumer rights on the child's behalf. In the case of
10 processing personal data concerning a consumer subject to a
11 guardianship, conservatorship or other protective arrangement,
12 the guardian or the conservator of the consumer may exercise
13 such rights on the consumer's behalf.

14 C. Except as otherwise provided in the Consumer
15 Information and Data Protection Act, a controller shall comply
16 with a request by a consumer to exercise the consumer rights
17 authorized pursuant to Subsection A of this section as follows:

18 (1) a controller shall respond to the consumer
19 without undue delay, but in all cases within forty-five days of
20 receipt of the request submitted pursuant to the methods
21 described in Subsection A of this section. The response period
22 may be extended once by forty-five additional days when
23 reasonably necessary, taking into account the complexity and
24 number of the consumer's requests, so long as the controller
25 informs the consumer of any such extension within the initial

1 forty-five-day response period, together with the reason for
2 the extension;

3 (2) if a controller declines to take action
4 regarding the consumer's request, the controller shall inform
5 the consumer without undue delay, but in all cases and at the
6 latest within forty-five days of receipt of the request, of the
7 justification for declining to take action and instructions for
8 how to appeal the decision pursuant to Subsection D of this
9 section;

10 (3) information provided in response to a
11 consumer request shall be provided by a controller free of
12 charge, up to twice annually per consumer. If requests from a
13 consumer are manifestly unfounded, excessive or repetitive, the
14 controller may charge the consumer a reasonable fee to cover
15 the administrative costs of complying with the request or
16 decline to act on the request. The controller bears the burden
17 of demonstrating the manifestly unfounded, excessive or
18 repetitive nature of the request;

19 (4) if a controller is unable to authenticate
20 the request using commercially reasonable efforts, the
21 controller shall not be required to comply with a request to
22 initiate an action under Subsection A of this section and may
23 request that the consumer provide additional information
24 reasonably necessary to authenticate the consumer and the
25 consumer's request; and

1 (5) a controller that has obtained personal
2 data about a consumer from a source other than the consumer
3 shall be deemed in compliance with a consumer's request to
4 delete such data pursuant to Paragraph (2) of Subsection A of
5 this section by either:

6 (a) retaining a record of the deletion
7 request and the minimum data necessary for the purpose of
8 ensuring the consumer's personal data remains deleted from the
9 business's records and not using such retained data for any
10 other purpose pursuant to the provisions of the Consumer
11 Information and Data Protection Act; or

12 (b) opting the consumer out of the
13 processing of such personal data for any purpose except for
14 those exempted pursuant to the provisions of the Consumer
15 Information and Data Protection Act.

16 D. A controller shall establish a process for a
17 consumer to appeal the controller's refusal to take action on a
18 request within a reasonable period of time after the consumer's
19 receipt of the decision pursuant to Paragraph (2) of Subsection
20 C of this section. The appeal process shall be conspicuously
21 available and similar to the process for submitting requests to
22 initiate action pursuant to Subsection A of this section.
23 Within sixty days of receipt of an appeal, a controller shall
24 inform the consumer in writing of any action taken or not taken
25 in response to the appeal, including a written explanation of

underscoring material = new
[bracketed material] = delete

1 the reasons for the decisions. If the appeal is denied, the
2 controller shall also provide the consumer with an online
3 mechanism, if available, or other method through which the
4 consumer may contact the attorney general to submit a
5 complaint.

6 SECTION 5. [NEW MATERIAL] DATA CONTROLLER
7 RESPONSIBILITIES--TRANSPARENCY.--

8 A. A controller shall:

9 (1) limit the collection of personal data to
10 what is adequate, relevant and reasonably necessary in relation
11 to the purposes for which such data is processed, as disclosed
12 to the consumer;

13 (2) except as otherwise provided in the
14 Consumer Information and Data Protection Act, not process
15 personal data for purposes that are neither reasonably
16 necessary to nor compatible with the disclosed purposes for
17 which such personal data is processed, as disclosed to the
18 consumer, unless the controller obtains the consumer's consent;

19 (3) establish, implement and maintain
20 reasonable administrative, technical and physical data security
21 practices to protect the confidentiality, integrity and
22 accessibility of personal data. Data security practices shall
23 be appropriate to the volume and nature of the personal data at
24 issue;

25 (4) not process personal data in violation of

underscored material = new
~~[bracketed material]~~ = delete

1 state and federal laws that prohibit unlawful discrimination
2 against consumers. A controller shall not discriminate against
3 a consumer for exercising any of the consumer rights contained
4 in the Consumer Information and Data Protection Act, including
5 denying goods or services, charging different prices or rates
6 for goods or services or providing a different level of quality
7 of goods and services to the consumer. However, nothing in
8 this subsection shall be construed to require a controller to
9 provide a product or service that requires the personal data of
10 a consumer that the controller does not collect or maintain or
11 to prohibit a controller from offering a different price, rate,
12 level, quality or selection of goods or services to a consumer,
13 including offering goods or services for no fee, if the
14 consumer has exercised the consumer's right to opt out pursuant
15 to Section 4 of the Consumer Information and Data Protection
16 Act or the offer is related to a consumer's voluntary
17 participation in a bona fide loyalty, rewards, premium
18 features, discounts or club card program; and

19 (5) not process sensitive data concerning a
20 consumer without obtaining the consumer's consent or, in the
21 case of the processing of sensitive data concerning a known
22 child, without processing such data in accordance with the
23 federal Children's Online Privacy Protection Act of 1998 (15
24 U.S.C. Section 6501 et seq.).

25 B. Any provision of a contract or agreement of any

.230052.lms

1 kind that purports to waive or limit in any way consumer rights
2 pursuant to the Consumer Information and Data Protection Act
3 shall be deemed contrary to public policy and shall be void and
4 unenforceable.

5 C. A controller shall provide consumers with a
6 reasonably accessible, clear and meaningful privacy notice that
7 includes:

8 (1) the categories of personal data processed
9 by the controller;

10 (2) the purpose for processing personal data;

11 (3) how consumers may exercise their consumer
12 rights, including how a consumer may appeal a controller's
13 decision with regard to the consumer's request;

14 (4) the categories of personal data that the
15 controller shares with third parties, if any;

16 (5) the categories of third parties, if any,
17 with which the controller shares personal data; and

18 (6) an active electronic mail address or other
19 online mechanism that the consumer may use to contact the
20 controller.

21 D. If a controller sells personal data to third
22 parties or processes personal data for targeted advertising,
23 the controller shall clearly and conspicuously disclose such
24 processing, as well as the manner in which a consumer may
25 exercise the right to opt out of such processing.

1 E. A controller shall establish, and shall describe
2 in a privacy notice, one or more secure and reliable means for
3 consumers to submit a request to exercise their consumer rights
4 under the Consumer Information and Data Protection Act. Such
5 means shall take into account the ways in which consumers
6 normally interact with the controller, the need for secure and
7 reliable communication of such requests and the ability of the
8 controller to authenticate the identity of the consumer making
9 the request. Controllers shall not require a consumer to
10 create a new account in order to exercise consumer rights
11 pursuant to Section 4 of the Consumer Information and Data
12 Protection Act but may require a consumer to use an existing
13 account.

14 F. Subject to the consent requirement established
15 by Section 4 of the Consumer Information and Data Protection
16 Act, no controller shall process any personal data collected
17 from a known child:

18 (1) for the purposes of targeted advertising,
19 the sale of such personal data or profiling in furtherance of
20 decisions that produce legal or similarly significant effects
21 concerning a consumer;

22 (2) unless such processing is reasonably
23 necessary to provide the online service, product or feature;

24 (3) for any processing purpose other than the
25 processing purpose that the controller disclosed at the time

1 such controller collected such personal data or that is
2 reasonably necessary for and compatible with such disclosed
3 purpose; or

4 (4) for longer than is reasonably necessary to
5 provide the online service, product, or feature.

6 G. Subject to the consent requirement established
7 by Section 4 of the Consumer Information and Data Protection
8 Act, no controller shall collect precise geolocation data from
9 a known child unless:

10 (1) such precise geolocation data is
11 reasonably necessary for the controller to provide an online
12 service, product or feature and, if such data is necessary to
13 provide such online service, product or feature, such
14 controller shall only collect such data for the time necessary
15 to provide such online service, product or feature; and

16 (2) the controller provides to the known child
17 a signal indicating that such controller is collecting such
18 precise geolocation data, which signal shall be available to
19 such known child for the entire duration of such collection.

20 H. No controller shall engage in the activities
21 described in Subsections F and G of Section 4 of the Consumer
22 Information and Data Protection Act unless the controller
23 obtains consent from the child's parent or legal guardian in
24 accordance with the federal Children's Online Privacy
25 Protection Act of 1998 (15 U.S.C. Section 6501 et seq.).

1 SECTION 6. [NEW MATERIAL] RESPONSIBILITIES OF CONTROLLER
2 AND PROCESSOR.--

3 A. A processor shall adhere to the instructions of
4 a controller and shall assist the controller in meeting its
5 obligations under the Consumer Information and Data Protection
6 Act. Such assistance shall include:

7 (1) taking into account the nature of
8 processing and the information available to the processor, by
9 appropriate technical and organizational measures, insofar as
10 this is reasonably practicable, to fulfill the controller's
11 obligation to respond to consumer rights requests pursuant to
12 Section 4 of the Consumer Information and Data Protection Act;

13 (2) taking into account the nature of
14 processing and the information available to the processor, by
15 assisting the controller in meeting the controller's
16 obligations in relation to the security of processing the
17 personal data and in relation to the notification of a breach
18 of security of the system of the processor pursuant to the
19 Consumer Information and Data Protection Act in order to meet
20 the controller's obligations; and

21 (3) providing necessary information to enable
22 the controller to conduct and document data protection
23 assessments pursuant to the Consumer Information and Data
24 Protection Act.

25 B. A contract between a controller and a processor

1 shall govern the processor's data processing procedures with
2 respect to processing performed on behalf of the controller.
3 The contract shall be binding and clearly set forth
4 instructions for processing data, the nature and purpose of
5 processing, the type of data subject to processing, the
6 duration of processing and the rights and obligations of both
7 parties. The contract shall also include requirements that the
8 processor shall:

9 (1) ensure that each person processing
10 personal data is subject to a duty of confidentiality with
11 respect to the data;

12 (2) at the controller's direction, delete or
13 return all personal data to the controller as requested at the
14 end of the provision of services, unless retention of the
15 personal data is required by law;

16 (3) upon the reasonable request of the
17 controller, make available to the controller all information in
18 its possession necessary to demonstrate the processor's
19 compliance with the obligations in the Consumer Information and
20 Data Protection Act;

21 (4) allow, and cooperate with, reasonable
22 assessments by the controller or the controller's designated
23 assessor; alternatively, the processor may arrange for a
24 qualified and independent assessor to conduct an assessment of
25 the processor's policies and technical and organizational

1 measures in support of the obligations under the Consumer
2 Information and Data Protection Act using an appropriate and
3 accepted control standard or framework and assessment procedure
4 for such assessments. The processor shall provide a report of
5 such assessment to the controller upon request; and

6 (5) engage any subcontractor pursuant to a
7 written contract in accordance with this section that requires
8 the subcontractor to meet the obligations of the processor with
9 respect to the personal data.

10 C. Nothing in this section shall be construed to
11 relieve a controller or a processor from the liabilities
12 imposed on it by virtue of its role in the processing
13 relationship as defined by the Consumer Information and Data
14 Protection Act.

15 D. Determining whether a person is acting as a
16 controller or processor with respect to a specific processing
17 of data is a fact-based determination that depends upon the
18 context in which personal data is to be processed. A processor
19 that continues to adhere to a controller's instructions with
20 respect to a specific processing of personal data remains a
21 processor.

22 SECTION 7. [NEW MATERIAL] DATA PROTECTION ASSESSMENTS.--

23 A. A controller shall conduct and document a data
24 protection assessment of each of the following processing
25 activities involving personal data:

1 (1) the processing of personal data for
2 purposes of targeted advertising;

3 (2) the sale of personal data;

4 (3) the processing of personal data for
5 purposes of profiling, where such profiling presents a
6 reasonably foreseeable risk of:

7 (a) unfair or deceptive treatment of, or
8 unlawful disparate impact on, consumers;

9 (b) financial, physical or reputational
10 injury to consumers;

11 (c) a physical or other intrusion upon
12 the solitude or seclusion, or the private affairs or concerns,
13 of consumers, where such intrusion would be offensive to a
14 reasonable person; or

15 (d) other substantial injury to
16 consumers;

17 (4) the processing of sensitive data; and

18 (5) any processing activities involving
19 personal data that present a heightened risk of harm to
20 consumers.

21 B. Data protection assessments conducted pursuant
22 to Subsection A of this section shall identify and weigh the
23 benefits that may flow, directly and indirectly, from the
24 processing to the controller, the consumer, other stakeholders
25 and the public against the potential risks to the rights of the

1 consumer associated with such processing, as mitigated by
2 safeguards that can be employed by the controller to reduce
3 such risks. The use of de-identified data and the reasonable
4 expectations of consumers, as well as the context of the
5 processing and the relationship between the controller and the
6 consumer whose personal data will be processed, shall be
7 factored into this assessment by the controller.

8 C. The attorney general may request, pursuant to a
9 civil investigative demand, that a controller disclose any data
10 protection assessment that is relevant to an investigation
11 conducted by the attorney general, and the controller shall
12 make the data protection assessment available to the attorney
13 general. The attorney general may evaluate the data protection
14 assessment for compliance with the responsibilities set forth
15 in Subsection A of this section. Data protection assessments
16 shall be confidential and exempt from public inspection and
17 copying under the Inspection of Public Records Act. The
18 disclosure of a data protection assessment pursuant to a
19 request from the attorney general shall not constitute a waiver
20 of attorney-client privilege or work product protection with
21 respect to the assessment and any information contained in the
22 assessment.

23 D. A single data protection assessment may address
24 a comparable set of processing operations that include similar
25 activities.

1 E. Data protection assessments conducted by a
2 controller for the purpose of compliance with other laws or
3 regulations may comply under this section if the assessments
4 have a reasonably comparable scope and effect.

5 F. Data protection assessment requirements shall
6 apply to processing activities created or generated after the
7 effective date of the Consumer Information and Data Protection
8 Act and are not retroactive.

9 **SECTION 8. [NEW MATERIAL] PROCESSING DE-IDENTIFIED**
10 **DATA.--**

11 A. The controller in possession of de-identified
12 data shall:

13 (1) take reasonable measures to ensure that
14 the data cannot be associated with a natural person;

15 (2) publicly commit to maintaining and using
16 de-identified data without attempting to re-identify the data;
17 and

18 (3) contractually obligate any recipients of
19 the de-identified data to comply with all provisions of the
20 Consumer Information and Data Protection Act.

21 B. Nothing in the Consumer Information and Data
22 Protection Act shall be construed to require a controller or
23 processor to re-identify de-identified data or pseudonymous
24 data or maintain data in identifiable form, or collect, obtain,
25 retain or access any data or technology, in order to be capable

1 of associating an authenticated consumer request with personal
2 data.

3 C. Nothing in the Consumer Information and Data
4 Protection Act shall be construed to require a controller or
5 processor to comply with an authenticated consumer rights
6 request, pursuant to Section 4 of the Consumer Information and
7 Data Protection Act, if all of the following are true:

8 (1) the controller is not reasonably capable
9 of associating the request with the personal data or it would
10 be unreasonably burdensome for the controller to associate the
11 request with the personal data;

12 (2) the controller does not use the personal
13 data to recognize or respond to the specific consumer who is
14 the subject of the personal data or associate the personal data
15 with other personal data about the same specific consumer; and

16 (3) the controller does not sell the personal
17 data to any third party or otherwise voluntarily disclose the
18 personal data to any third party other than a processor, except
19 as otherwise permitted in this section.

20 D. The consumer rights contained in Section 4 of
21 the Consumer Information and Data Protection Act shall not
22 apply to pseudonymous data in cases where the controller is
23 able to demonstrate any information necessary to identify the
24 consumer is kept separately and is subject to effective
25 technical and organizational controls that prevent the

1 controller from accessing such information.

2 E. A controller that discloses pseudonymous data or
3 de-identified data shall exercise reasonable oversight to
4 monitor compliance with any contractual commitments to which
5 the pseudonymous data or de-identified data is subject and
6 shall take appropriate steps to address any breaches of those
7 contractual commitments.

8 SECTION 9. [NEW MATERIAL] LIMITATIONS.--

9 A. Nothing in the Consumer Information and Data
10 Protection Act shall be construed to restrict a controller's or
11 processor's ability to:

12 (1) comply with federal, state or local laws,
13 rules or regulations;

14 (2) comply with a civil, criminal or
15 regulatory inquiry, investigation, subpoena or summons by
16 federal, state, local or other governmental authorities;

17 (3) cooperate with law enforcement agencies
18 concerning conduct or activity that the controller or processor
19 reasonably and in good faith believes may violate federal,
20 state or local laws, rules or regulations;

21 (4) investigate, establish, exercise, prepare
22 for or defend legal claims;

23 (5) provide a product or service specifically
24 requested by a consumer, perform a contract to which the
25 consumer is a party, including fulfilling the terms of a

1 written warranty, or take steps at the request of the consumer
2 prior to entering into a contract;

3 (6) take immediate steps to protect an
4 interest that is essential for the life or physical safety of
5 the consumer or of another natural person and where the
6 processing cannot be manifestly based on another legal basis;

7 (7) prevent, detect, protect against or
8 respond to security incidents, identity theft, fraud,
9 harassment, malicious or deceptive activities or any illegal
10 activity; preserve the integrity or security of systems; or
11 investigate, report or prosecute those responsible for any such
12 action;

13 (8) engage in public or peer-reviewed
14 scientific or statistical research in the public interest that
15 adheres to all other applicable ethics and privacy laws and is
16 approved, monitored and governed by an institutional review
17 board or similar independent oversight entities that determine:

18 (a) if the deletion of the information
19 is likely to provide substantial benefits that do not
20 exclusively accrue to the controller;

21 (b) the expected benefits of the
22 research outweigh the privacy risks; and

23 (c) if the controller has implemented
24 reasonable safeguards to mitigate privacy risks associated with
25 research, including any risks associated with re-

1 identification; or

2 (9) assist another controller, processor or
3 third party with any of the obligations under this subsection.

4 B. The obligations imposed on controllers or
5 processors under the Consumer Information and Data Protection
6 Act shall not restrict a controller's or processor's ability to
7 collect, use or retain data to:

8 (1) conduct internal research to develop,
9 improve or repair products, services or technology;

10 (2) effectuate a product recall;

11 (3) identify and repair technical errors that
12 impair existing or intended functionality; or

13 (4) perform internal operations that are
14 reasonably aligned with the expectations of the consumer or
15 reasonably anticipated based on the consumer's existing
16 relationship with the controller or are otherwise compatible
17 with processing data in furtherance of the provision of a
18 product or service specifically requested by a consumer or the
19 performance of a contract to which the consumer is a party.

20 C. The obligations imposed on controllers or
21 processors under the Consumer Information and Data Protection
22 Act shall not apply where compliance by the controller or
23 processor with that act would violate an evidentiary privilege
24 under the laws of the state. Nothing in that act shall be
25 construed to prevent a controller or processor from providing

.230052.lms

1 personal data concerning a consumer to a person covered by an
2 evidentiary privilege under the laws of the state as part of a
3 privileged communication.

4 D. A controller or processor that discloses
5 personal data to a third-party controller or processor, in
6 compliance with the requirements of the Consumer Information
7 and Data Protection Act, is not in violation of that act if the
8 third-party controller or processor that receives and processes
9 such personal data is in violation of that act; provided that,
10 at the time of disclosing the personal data, the disclosing
11 controller or processor did not have actual knowledge that the
12 recipient intended to commit a violation. A third-party
13 controller or processor receiving personal data from a
14 controller or processor in compliance with the requirements of
15 that act is likewise not in violation of that act for the
16 transgressions of the controller or processor from which it
17 receives such personal data.

18 E. Nothing in the Consumer Information and Data
19 Protection Act shall be construed as an obligation imposed on
20 controllers and processors that adversely affects the rights or
21 freedoms of any persons, such as exercising the right of free
22 speech pursuant to the first amendment to the United States
23 constitution, or applies to the processing of personal data by
24 a person in the course of a purely personal or household
25 activity.

1 F. Personal data processed by a controller pursuant
2 to this section shall not be processed for any purpose other
3 than those expressly listed in this section unless otherwise
4 allowed by the Consumer Information and Data Protection Act.

5 Personal data processed by a controller pursuant to this
6 section may be processed to the extent that such processing is:

7 (1) reasonably necessary and proportionate to
8 the purposes listed in this section; and

9 (2) adequate, relevant and limited to what is
10 necessary in relation to the specific purposes listed in this
11 section. Personal data collected, used or retained pursuant to
12 Subsection B of this section shall, where applicable, take into
13 account the nature and purpose or purposes of such collection,
14 use or retention. Such data shall be subject to reasonable
15 administrative, technical and physical measures to protect the
16 confidentiality, integrity and accessibility of the personal
17 data and to reduce reasonably foreseeable risks of harm to
18 consumers relating to such collection, use or retention of
19 personal data.

20 G. If a controller processes personal data pursuant
21 to an exemption in this section, the controller bears the
22 burden of demonstrating that such processing qualifies for the
23 exemption and complies with the requirements in Subsection F of
24 this section.

25 H. Processing personal data for the purposes

1 expressly identified in Subsection A of this section shall not

3 processing.

4 SECTION 10. [NEW MATERIAL] INVESTIGATIVE AUTHORITY.--

5 Whenever the attorney general has reasonable cause to believe
6 that any person has engaged in, is engaging in or is about to
7 engage in any violation of the Consumer Information and Data
8 Protection Act, the attorney general is empowered to issue a
9 civil investigative demand.

10 SECTION 11. [NEW MATERIAL] ENFORCEMENT--CIVIL

11 PENALTIES.--

12 A. The attorney general shall have exclusive
13 authority to enforce the provisions of the Consumer Information
14 and Data Protection Act.

15 B. Prior to initiating any action under the
16 Consumer Information and Data Protection Act, the attorney
17 general shall provide a controller or processor thirty days'
18 written notice identifying the specific provisions of the
19 Consumer Information and Data Protection Act the attorney
20 general alleges have been or are being violated. If within the
21 thirty-day period the controller or processor cures the noticed
22 violation and provides the attorney general an express written
23 statement that the alleged violations have been cured and that
24 no further violations shall occur, no action shall be initiated
25 against the controller or processor.
