SUMMARY

Synopsis of Senate Bill 350

Senate Bill 350 (SB350) would appropriate \$6 million from the general fund to the Health Care Authority (HCA) to address transitional housing support needs for former inmates reentering the population and administer a housing stabilization program.

FISCAL IMPLICATIONS

The appropriation of \$6 million contained in the bill is a recurring expense to the general fund. Any unexpended or unencumbered balance remaining at the end of FY26 shall revert to the general fund.

HCA indicates it would be unable to spend the \$6 million appropriation in one year just serving the smaller reentry population.

SIGNIFICANT ISSUES

The General Appropriation Act of 2025 as passed by the House of Representatives includes \$221.4 million for housing and housing support services. This amount includes \$110 million to support transitional housing and the expansion of housing services providers that facilitate behavioral health services and substance abuse recovery, homelessness assistance, and prevention for persons with behavioral health needs, including \$80 million for programs in Albuquerque and Bernalillo County and \$10 million for programs in Las Cruces and Doña Ana County.

Total	\$24,829.4	\$19,815.9	\$66,741.3	\$111,386.6

ADMINISTRATIVE IMPLICATIONS

The Health Care Authority’s Behavioral Health Services Division (BHSD) indicates it would require an additional 2 FTE to implement the provisions of the bill at a cost of \$346 thousand.

CONFLICT, DUPLICATION, COMPANIONSHIP, RELATIONSHIP

SB350 duplicates House Bill 420.

TECHNICAL ISSUES

The term “housing stabilization program” and “reentry” should be defined and expanded to include a larger unhoused population to adequately expend the appropriation.

OTHER SUBSTANTIVE ISSUES

HCA reports its Behavioral Health Services Division (BHSD) oversees a wide range of housing-related programs, and the eligibility criteria of programs often include serious mental illness. Currently, BHSD supports a rental assistance program, Fresh Start Rental Assistance, that began in November 2023 with opioid settlement funding. Fresh Start targets homeless individuals with opioid use disorder and includes the reentry population. To date, 351 individuals have received rental assistance.

MFA reports New Mexico has an incarceration rate of 647 per 100 thousand and a recidivism rate of 37 percent, higher than the national average. A factor of recidivism for released inmates includes a challenge in securing long-term, safe housing.
