Research and Data Services

ECONOMIC IMPACT ANALYSIS AND METRO COMPARISON MODEL

Hosting and maintaining an economic impact model custom to areas in the region and a metro comparison model allows AREA to produce impact reports for all projects and analyze return on investment for local incentives.

GIS BASED BUSINESS DATA TOOLS, ZOOM TOURS & COMMERCIAL REAL ESTATE LISTINGS

Website hosting and maintenance cost to provide a trackable, regional promotional tool with integrated data sets and sources, along with social media management and tools. Community-specific level data and comparisons available for all jurisdictions in region.

ABQsites.com

GRANULAR LABOR AND COST OF LIVING ANALYSIS AND CUSTOM LOCAL DEMOGRAPHICS

Using EMSI, AREA can analyze labor, job posting, demographic, industry and occupational trends to the 6-digit NAICS code level for any geography in a 10-state region. Cost of living C2ER database provides cost comparisons to articulate value proposition to prospects.

ABQ.org/SizeUp

LEAD GENERATION AND PROSPECTING TOOLS FOR NEW OPPORTUNITIES

AREA subscribes to data sets such as external market lists, D&B, Site Selector Contact Database, Fortune 500 and Inc. 5000 for lead generation purposes for the region. In addition, hosting of virtual and in person familiarization tour with regional focus.

COMPANY ANALYSIS AND VETTING, HIRING ASSISTANCE

In depth data pull on a prospect or existing company to determine validity and likelihood of locating in the region. Once located in the community, AREA hosts an online JOBS board to support business workforce recruitment needs.

ABQ.org/jobs

AREA's role in business development projects

For every job created by a company other jobs are created by indirect and induced activities. The number created varies by the industry of the primary job created.

AREA 1.0: Regional Plan for Economic Growth and Resiliency

The Albuquerque Regional Economic Alliance (AREA), in collaboration with area businesses and community leaders, developed AREA 1.0 in response to our region's top economic growth challenges. The five-year plan (2022-2026) includes the following three primary goals and supporting strategies, tactics, and measurable objectives:

GOAL 1

ESTABLISH NATIONAL
IDENTITY AS A LEADING
LOCATION FOR BUSINESS

[Role: Leader]

GOAL 2

ATTRACT, RETAIN AND
ALIGN TALENT

[Role: Convener / Catalyst]

GOAL 3

BREAK DOWN
BARRIERS TO REGIONAL
COMPETITIVENESS

[Role: Convener / Catalyst]

Advisory Councils

TECHNOLOGY AND INNOVATION ADVISORY COUNCIL

The Albuquerque Regional Economic Alliance's industry aligned advisory councils work to shape the organization's key target industry initiatives, leverage connections to further job creation and competitiveness efforts and support the execution of strategic initiatives aimed at attracting and growing key industries for economic diversification of the greater Albuquerque region.

MISSION

Advance the greater Albuquerque region's industry sector growth strategies with a focus on technology and innovation related sectors such as aerospace, renewable energy, and the startup ecosystem.

2022 PRIORITIES

Focusing on new innovation industries and utilizing data from the strategic plan, this council will work to identify top potential firms for attraction and growth for the market, and also in addressing obstacles such as venture capital investment in the market while leveraging UNM Anderson partnerships.

COUNCIL EXPERTISE

Members of the Technology and Innovation Advisory Council represent a diverse mix of experience in business innovation, industry expertise and proven growth strategy execution. In general, members are affiliated with AREA contributors at the Bronze level or higher.

BIOSCIENCE ADVISORY COUNCIL

The Albuquerque Regional Economic Alliance's industry aligned advisory councils work to shape the organization's key target industry initiatives, leverage connections to further job creation and competitiveness efforts and support the execution of strategic initiatives aimed at attracting and growing key industries for economic diversification of the greater Albuquerque region.

MISSION

Advance the greater Albuquerque region's relative competitive position in relation to top competitor markets by offering expertise, insight and support to the AREA Board of Directors for strategic plan implementation.

2022 PRIORITIES

Focusing on bioscience and utilizing data from the strategic plan, this council will work to identify top potential firms for attraction and growth for the market, and also in addressing obstacles such as talent pipeline and other industry needs.

COUNCIL EXPERTISE

Members of the Biosciences Advisory Council represent a diverse mix of experience in business innovation, industry expertise and proven growth strategy execution. In general, members are affiliated with AREA contributors at the Bronze level or higher.

COMPETITIVENESS ADVISORY COUNCIL

The Albuquerque Regional Economic Alliance's Competitiveness Advisory Council serves as the leading strategic advisory group to AREA's Board of Directors and professional staff regarding approaches to advancing the region's competitive position. The Competitiveness Advisory Council is made up of regional leaders with unique expertise for delivering competitiveness recommendations, but also the drive and capacity needed to put them into action. Top focus areas will include those identified in AREA 1.0 (2022-2026) the organization's five year strategic plan for economic growth and resiliency.

MISSION

Advance the greater Albuquerque region's relative competitive position in relation to top competitor markets by offering expertise, insight and support to the AREA Board of Directors for strategic plan implementation.

2022 PRIORITIES

Focus on key site selection issues such as access to talent, cost of labor, and availability of commercial property and site readiness. Analyzing national best practices in these respective areas, offer administrative and legislative recommendations, and assist with education on issues.

COUNCIL EXPERTISE

Members of the Competitiveness Advisory Council are thought leaders in the region, representing a diverse mix of public and private experience to bring inclusive, regional issues to the forefront. In general, members are affiliated with AREA contributors at the Gold level or higher.

PUBLIC SECTOR ADVISORY COUNCIL

The Albuquerque Regional Economic Alliance's Public Sector Advisory Council is a collaborative group of highest level local government elected leaders or their designees representing communities within and adjacent to the greater Albuquerque metro area. The Chair of the Public Sector Advisory Council will be elected by its members annually and submitted for recommendation to the AREA Board of Directors for a one-year appointment to the AREA Board.

MISSION

To provide an open platform for communication regarding economic development priorities at the local level, alignment on regional issues of importance that drive economic success for all, and guidance to AREA's Board and staff on successful approaches.

2022 PRIORITIES

In 2022, this Advisory Council will establish goals and priorities in relation to aligning local and regional economic development strategies, and will explore best practices programs in communities across the country as potential future models of success.

COUNCIL EXPERTISE

Members of the Public Sector Advisory Council represent communities within the region that have made a commitment to supporting regional economic development approaches, and are active in financial contributions or service agreements with AREA.

Suggestions for advancing NM's economy

1

FUND A TIERED SITE READINESS PROGRAM:

Lack of understanding even of the stage of readiness of sites across the state is a critical deficiency. A program and focuses analysis should be developed asap – approx. \$200k.

2

ADEQUATELY FUND ECONOMIC DEVELOPMENT MARKETING:

Wisconsin spends \$10.6 million on domestic recruitment of companies (about a 2:1 ration) New Mexico spends about \$1 million (roughly the OPPOSITE).

3

STRUCTURE STATE EDD IN BEST PRACTICES FASHION:

Consider restructure of economic development agencies by mirroring BEST PRACTICES examples to reduce duplicative efforts across the state and focus assistance on rural and underserved areas.

4

ADDRESS ANTI-DONATION CLAUSE:

Create flexibility to reduce time and risk for private investment – allow the public sector to pay for infrastructure on a performance basis where direct return outweighs public investment (Example: Arizona and its Gift Clause)

THANK YOU.
