The State of New Mexico established the CBPC in 1997 as an intergovernmental agency to study and plan for the long-range facility needs of state government

## Composition

- ▶ Made up of representatives from the executive, legislative, and judicial branches of government and some constitutional officers
- ▶ The intent of this broad representation is to ensure participation in the state's long-range facilities planning by major stakeholders within state government that have oversight of state-owned facilities/assets

## Strategic Space Master Plan for GSD/FMD

## Ongoing Support to GSD and DoIT for the SHARE Location Coding effort

- ▶ Monthly updates of GSD/FMD data for incorporation into SHARE by DoIT
- ▶ Support in assignment of new location codes for all agencies
- ▶ Updates to lease changes and location changes in both owned and leased facilities

# 2021 WORK PLAN

## ARC's proposed work plan for the coming year includes:

- ▶ Complete GSD/FMD Strategic Space Master Plan
- ▶ Continue to Support to GSD and DoIT for monthly updates in support of the SHARE Location Coding effort
- ▶ Complete a Comprehensive Update to the Statewide Inventory (last comprehensive update was in 2017)
  - ▶ Document recent acquisitions and dispositions
  - ▶ Reconcile space assignments to reflect current space usage resulting from lease consolidation activities
  - ▶ Expand the Statewide Inventory to include the holdings of the State's 31 Higher Education facilities

# POSSIBLE FUTURE EFFORTS

## Update existing Area Plans to reflect recent changes

- ▶ Update the CBPC Primer
- ▶ Update Santa Fe Plan to reflect the current strategic master plan, new facilities and dispositions
- ▶ Update Albuquerque Area Plan to reflect changes due to acquisition of CYFD Wellness Center and other moves and acquisitions, and recently completed planning for the Los Lunas Campus
- ▶ Update to Las Cruces Area Plan to reflect recent moves/acquisitions
