10 **AN ACT**

11 **MAKING GENERAL APPROPRIATIONS AND AUTHORIZING EXPENDITURES BY STATE AGENCIES REQUIRED BY LAW.**

12 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:**

13 Section 1. **SHORT TITLE.**--This act may be cited as the "General Appropriation Act of 2000".

14 Section 2. **DEFINITIONS.**--As used in the General Appropriation Act of 2000:

15 A. "agency" means an office, department, agency, institution, board, bureau, commission,
16 court, district attorney, council or committee of state government;

17 B. "expenditures" means costs, expenses, encumbrances and other financing uses, other than
18 refunds authorized by law, recognized in accordance with generally accepted accounting principles for the
19 legally authorized budget amounts and budget period;

20 C. "federal funds" means any payments by the United States government to state government or
21 agencies except those payments made in accordance with the federal Mineral Lands Leasing Act;

22 D. "full-time equivalent" or "FTE" means one or more authorized positions that together
23 receive compensation for not more than two thousand eighty hours worked in fiscal year 2001. The
24 calculation of hours worked includes compensated absences but does not include overtime, compensatory time
25 or sick leave paid pursuant to Section 10-7-10 NMSA 1978;

1 E. "general fund" means that fund created by Section 6-4-2 NMSA 1978 and includes federal
2 Mineral Lands Leasing Act receipts and those payments made in accordance with the federal block grant and
3 the federal Workforce Investment Act, but excludes the general fund operating reserve, the appropriation
4 contingency fund and the risk reserve;

5 F. "interagency transfers" means revenue, other than internal service funds, legally
6 transferred from one agency to another;

7 G. "internal service funds" means:

8 (1) revenue transferred to an agency for the financing of goods or services to another
9 agency on a cost-reimbursement basis; and

10 (2) unencumbered balances in agency internal service fund accounts appropriated by the
11 General Appropriation Act of 2000;

12 H. "other state funds" means:

13 (1) unencumbered, nonreverting balances in agency accounts, other than in internal
14 service funds accounts, appropriated by the General Appropriation Act of 2000;

15 (2) all revenue available to agencies from sources other than the general fund, internal
16 service funds, interagency transfers and federal funds; and

17 (3) all revenue, the use of which is restricted by statute or agreement;

18 I. "revenue" means all money received by an agency from sources external to that agency, net
19 of refunds and other correcting transactions, other than from issue of debt, liquidation of investments or
20 as agent or trustee for other governmental entities or private persons; and

21 J. "unforeseen federal funds" means a source of federal funds or an increased amount of
22 federal funds that could not have been reasonably anticipated or known during the second session of the
23 forty-fourth legislature and, therefore, could not have been requested by an agency or appropriated by the
24 legislature.

25 Section 3. **GENERAL PROVISIONS.**--

1 A. Amounts set out under column headings are expressed in thousands of dollars.

2 B. Amounts set out under column headings are appropriated from the source indicated by the
3 column heading. All amounts set out under the column heading "Internal Service Funds/Interagency
4 Transfers" indicate an intergovernmental transfer and do not represent a portion of total state government
5 appropriations. All information designated as "Totals" or "Subtotals" are provided for information and
6 are not appropriations.

7 C. Amounts set out in Section 4 of the General Appropriation Act of 2000, or so much as may
8 be necessary, are appropriated from the indicated source for expenditure in fiscal year 2001 for the
9 objects expressed.

10 D. Unencumbered balances in agency accounts remaining at the end of fiscal year 2000 shall
11 revert to the general fund by October 1, 2000, unless otherwise indicated in the General Appropriation Act
12 of 2000 or otherwise provided by law.

13 E. Unencumbered balances in agency accounts remaining at the end of fiscal year 2001 shall
14 revert to the general fund by October 1, 2001, unless otherwise indicated in the General Appropriation Act
15 of 2000 or otherwise provided by law.

16 F. The state budget division shall monitor revenue received by agencies from sources other
17 than the general fund and shall reduce the operating budget of any agency whose revenue from such sources
18 is not meeting projections. The state budget division shall notify the legislative finance committee of
19 any operating budget reduced pursuant to this subsection.

20 G. Except as otherwise specifically stated in the General Appropriation Act of 2000,
21 appropriations are made in that act for the expenditures of agencies and for other purposes as required by
22 existing law for fiscal year 2001. If any other act of the second session of the forty-fourth legislature
23 changes existing law with regard to the name or responsibilities of an agency or the name or purpose of a
24 fund or distribution, the appropriation made in the General Appropriation Act of 2000 shall be transferred
25 from the agency, fund or distribution to which an appropriation has been made as required by existing law

1 to the appropriate agency, fund or distribution provided by the new law.

2 H. In August, October, December and May of fiscal year 2001, the department of finance and
3 administration, in consultation with the staff of the legislative finance committee and other agencies,
4 shall prepare and present revenue estimates to the legislative finance committee. If these revenue
5 estimates indicate that revenues and transfers to the general fund, excluding transfers to the general
6 fund operating reserve, the risk reserve, the appropriation contingency fund or the state-support reserve
7 fund, as of the end of fiscal year 2001, are not expected to meet appropriations from the general fund,
8 then the department shall present a plan to the legislative finance committee that outlines the methods by
9 which the administration proposes to address the deficit.

10 I. Pursuant to Sections 6-3-23 through 6-3-25 NMSA 1978, agencies whose revenue from
11 unforeseen federal funds, from state board of finance loans, from revenue appropriated by other acts of
12 the legislature, or from gifts, donations, bequests, insurance settlements, refunds, or payments into
13 revolving funds exceed specifically appropriated amounts may request budget increases from the state
14 budget division. If approved by the state budget division, such money is appropriated. In approving a
15 budget increase from unforeseen federal funds, the director of the state budget division shall advise the
16 legislative finance committee as to the source of the federal funds and the source and amount of any
17 matching funds required.

18 J. For fiscal year 2001, the number of permanent and term full-time equivalent positions
19 specified for each agency shows the maximum number of employees intended by the legislature for that
20 agency, unless another provision of the General Appropriation Act of 2000 or another act of the second
21 session of the forty-fourth legislature provides for additional employees.

22 K. Except for gasoline credit cards used solely for operation of official vehicles and
23 telephone credit cards used solely for official business, none of the appropriations contained in the
24 General Appropriation Act of 2000 may be expended for payment of credit card invoices.

25 L. To prevent unnecessary spending, expenditures from the General Appropriation Act of 2000

Item	General Fund	Other State Funds	Intrnl Svc Funds/Inter- Agency Trnsf	Federal Funds	Total
1 for gasoline for state-owned vehicles at public gasoline service stations shall be made only for					
2 self-service gasoline; provided that a state agency head may provide exceptions from the requirement to					
3 accommodate disabled persons or for other reasons the public interest may require.					
4 M. When approving operating budgets based on appropriations in the General Appropriation Act					
5 of 2000, the state budget division is specifically authorized to approve only those budgets that are in					
6 accordance with generally accepted accounting principles for the purpose of properly classifying other					
7 financing sources and uses, including interfund, intrafund and interagency transfers.					
8 N. Laws 1999, First Special Session, Chapter 3, Section 4 is repealed effective July 1, 2000.
