SUMMARY

Synopsis of Bill

HB 98 appropriates \$336,000 to the Health Department to provide matching funds pursuant to the federal Breast and Cervical Cancer Prevention and Treatment Act of 2000 to provide medicaid eligibility to uninsured women who are 65. These women must be identified through the Centers for Disease Control and Prevention's national breast and cervical cancer early detection program and need treatment for breast or cervical cancer including precancerous conditions and early state cancer.

FISCAL IMPLICATIONS

House Bill 98 -- Page 2

HB 98 appropriates \$336,000 from the general fund to match \$1,432,000 in federal funds.

CONFLICT/DUPLICATION

HB 98 conflicts and duplicates SB 33 which appropriates \$300,000 to the Health Department to fund breast cancer and cervical cancer treatment for low-income women.

POSSIBLE QUESTIONS

Is the \$336,000 appropriated to the Health Department for breast and cervical cancer in addition to or instead of the \$300,000 appropriated by SB 33?
