FY01	FY02	FY01	FY02		
		NFI			

(Parenthesis ( ) Indicate Expenditure Decreases)

### SOURCES OF INFORMATION

State Department of Education (SDE)  
LFC Files

### SUMMARY

#### Synopsis of Bill

Senate Bill 345 requires local school districts to maintain a current five-year facilities plan and adhere to a preventive maintenance plan as a condition of eligibility for funding from the Public School Critical Capital Outlay Council (PSCOC).

#### Significant Issues

The PSCOC currently requires school districts to have a current five-year facilities plan as an eligibility criteria for funding. However, school districts are not required to maintain and adhere to a preventive maintenance plan.

### FISCAL IMPLICATIONS

Senate Bill 345 does not contain an appropriation. However, requiring school districts to adhere to a preventive maintenance plan would extend the life cycle of school facilities, and ultimately save money for the local school district and the state.

**ADMINISTRATIVE IMPLICATIONS**

Senate Bill 345 would require SDE staff to review and confirm utilization of the preventive maintenance plan. However, the review would have a minimal impact on SDE's existing staff and would not require additional FTE.
