SUMMARY

Synopsis of Bill

Senate Bill 176 appropriates \$5,500.0 from the general fund to provide services under the Rural Primary Health Care Act for the following: 1) \$1,500.0 for dental services; 2) \$3,000.0 for medical services; and 3) \$1,000.0 for prescription drugs.

Significant Issues

There is the potential this appropriation could leverage approximately \$15 million in federal matching funds through the Medicaid program.

FISCAL IMPLICATIONS

The appropriation of \$5,500.0 contained in this bill is a recurring expense to the general fund. Any unexpended or unencumbered balance remaining at the end of FY02 shall revert to the general fund.

CONFLICT/DUPLICATION/COMPANIONSHIP/RELATIONSHIP

Senate Bill 176 -- Page 2

SB176 duplicates HB245, Rural Primary Health Care Act.

HB2 and SB98, General Appropriation Acts of 2001, contain approximately \$10 million for services under the Rural Primary Health Care Act.

OTHER SUBSTANTIVE ISSUES

In 1999, a task force of dental professionals coordinated by the Health Policy Commission concluded more dental services are needed at rural primary care clinics.
