# <u>Significant Issues</u>

General fund operating appropriations for most legislative agencies are contained in House Bill 1, the Feed Bill.

Supplement budget adjustment authority for FY02 or budget adjustment authority for FY03, usually included in the General Appropriation Act, is not included in this introduced version. It is expected that such authority will be included in future substitutes or amendments of this bill.

# PERFORMANCE IMPLICATIONS

Effective July 1, 2002, nearly every executive agency will convert to performance-based budgeting. The agencies scheduled to implement performance-based budgeting in the final year of implementation include all legislative agencies, the judiciary and the remainder of public school and higher education.
