

Fiscal impact reports (FIRs) are prepared by the Legislative Finance Committee (LFC) for standing finance committees of the NM Legislature. The LFC does not assume responsibility for the accuracy of these reports if they are used for other purposes.

Current FIRs (in HTML & Adobe PDF formats) are available on the NM Legislative Website (legis.state.nm.us). Adobe PDF versions include all attachments, whereas HTML versions may not. Previously issued FIRs and attachments may also be obtained from the LFC in Suite 101 of the State Capitol Building North.

SUMMARY

Synopsis of Bill

Senate Bill 445 appropriates \$100 thousand from the General Fund to the Board of Regents of New Mexico Highlands University to conduct a statewide study on the effects of *susto* in order to:

- evaluate the social impact of the disease identified as *susto* syndrome on the population of the State, with emphasis on the indigenous population;
- determine the effectiveness of both conventional and alternative treatment modalities;
- determine ways to address the illness through intervention, treatment and prevention; and
- identify methods to increase awareness of the negative social, mental and medical impacts of the disease.

Significant Issues

The bill will fund a study of the effects of *susto* syndrome, which is a culture-bound syndrome associated with the Hispanic community.

This study will provide an opportunity to better understand the concept of *susto* as it relates to the development of other physical illnesses (i.e., type II diabetes).

FISCAL IMPLICATIONS

The appropriation of \$100.0 contained in this bill is a non-recurring expense to the General Fund. Any unexpended or unencumbered balance remaining at the end of Fiscal Year 2005 shall revert to the General Fund.

OTHER SUBSTANTIVE ISSUES

This request was not among those submitted for Fiscal Year 2005 funding by the New Mexico Highlands Board of Regents to the Commission on Higher Education. Consequently the Commission did not review it.
