

AN ACT

RELATING TO PUBLIC SCHOOL FINANCE; REMOVING THE REQUIREMENT THAT A PORTION OF LOCAL AND FEDERAL REVENUE BE USED FOR CAPITAL OUTLAY; PROVIDING FOR THE CALCULATION OF MEM ON THE EIGHTIETH AND ONE HUNDRED TWENTIETH DAYS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 22-8-25 NMSA 1978 (being Laws 1981, Chapter 176, Section 5, as amended) is amended to read:

"22-8-25. STATE EQUALIZATION GUARANTEE DISTRIBUTION--  
DEFINITIONS--DETERMINATION OF AMOUNT.--

A. The state equalization guarantee distribution is that amount of money distributed to each school district to ensure that the school district's operating revenue, including its local and federal revenues as defined in this section, is at least equal to the school district's program cost.

B. "Local revenue", as used in this section, means seventy-five percent of receipts to the school district derived from that amount produced by a school district property tax applied at the rate of fifty cents (\$.50) to each one thousand dollars (\$1,000) of net taxable value of property allocated to the school district and to the assessed value of products severed and sold in the school district as determined under the Oil and Gas Ad Valorem Production Tax Act and upon the assessed value of equipment in the school district as

determined under the Oil and Gas Production Equipment Ad Valorem Tax Act.

C. "Federal revenue", as used in this section, means receipts to the school district, excluding amounts that, if taken into account in the computation of the state equalization guarantee distribution, result, under federal law or regulations, in a reduction in or elimination of federal school funding otherwise receivable by the school district, derived from the following:

(1) seventy-five percent of the school district's share of forest reserve funds distributed in accordance with Section 22-8-33 NMSA 1978; and

(2) seventy-five percent of grants from the federal government as assistance to those areas affected by federal activity authorized in accordance with Title 20 of the United States Code, commonly known as "PL 874 funds" or "impact aid".

D. To determine the amount of the state equalization guarantee distribution, the department shall:

(1) calculate the number of program units to which each school district is entitled using an average of the MEM on the eightieth and one hundred twentieth days of the prior year; or

(2) calculate the number of program units to which a school district operating under an approved year-round

school calendar is entitled using an average of the MEM on appropriate dates established by the department; or

(3) calculate the number of program units to which a school district with a MEM of two hundred or less is entitled by using an average of the MEM on the eightieth and one hundred twentieth days of the prior year or the fortieth day of the current year, whichever is greater; and

(4) using the results of the calculations in Paragraph (1), (2) or (3) of this subsection and the instructional staff training and experience index from the October report of the prior school year, establish a total program cost of the school district;

(5) calculate the local and federal revenues as defined in this section;

(6) deduct the sum of the calculations made in Paragraph (5) of this subsection from the program cost established in Paragraph (4) of this subsection;

(7) deduct the total amount of guaranteed energy savings contract payments that the department determines will be made to the school district from the public school utility conservation fund during the fiscal year for which the state equalization guarantee distribution is being computed; and

(8) deduct ninety percent of the amount certified for the school district by the department pursuant

to the Energy Efficiency and Renewable Energy Bonding Act, if that act becomes law pursuant to House Bill 32 or similar legislation of the first session of the forty-seventh legislature.

E. Reduction of a school district's state equalization guarantee distribution shall cease when the school district's cumulative reductions equal its proportional share of the cumulative debt service payments necessary to service the bonds issued pursuant to the Energy Efficiency and Renewable Energy Bonding Act, if that act becomes law pursuant to House Bill 32 or similar legislation of the first session of the forty-seventh legislature.

F. The amount of the state equalization guarantee distribution to which a school district is entitled is the balance remaining after the deductions made in Paragraphs (6) through (8) of Subsection D of this section.

G. The state equalization guarantee distribution shall be distributed prior to June 30 of each fiscal year. The calculation shall be based on the local and federal revenues specified in this section received from June 1 of the previous fiscal year through May 31 of the fiscal year for which the state equalization guarantee distribution is being computed. In the event that a school district has received more state equalization guarantee funds than its entitlement, a refund shall be made by the school district to the state

general fund."

Section 2. TEMPORARY PROVISION--APPLICABILITY.--The provisions of Paragraphs (1) and (3) of Subsection D of Section 1 of this act that change the procedure for calculating the number of program units are applicable to the 2006-2007 and subsequent school years.

Section 3. EFFECTIVE DATE.--The effective date of the provision of this act is July 1, 2005.
