

Fiscal impact reports (FIRs) are prepared by the Legislative Finance Committee (LFC) for standing finance committees of the NM Legislature. The LFC does not assume responsibility for the accuracy of these reports if they are used for other purposes.

Current FIRs (in HTML & Adobe PDF formats) are available on the NM Legislative Website (legis.state.nm.us). Adobe PDF versions include all attachments, whereas HTML versions may not. Previously issued FIRs and attachments may be obtained from the LFC in Suite 101 of the State Capitol Building North.

SUMMARY

Synopsis of Bill

Senate Bill 868 amends the *Family Preservation Act* renaming it as the *Family Support Act*. The bill outlines the state's policy of support for the family and emphasizes the responsibilities of parents and the state in the healthy development of children and the family as an institution. CYFD would be responsible for the implementation and coordination of the provision of family support services; ensure the statewide quality of family support services by providing standards and policies, monitoring the provisions of family support, providing training to persons who provide family support and establish a standardized intake process for the purpose of assessing the needs of a child and family referred for family support services.

Significant Issues

Senate Bill 868 relates to the family services offered by CYFD, New Mexico schools, mental health and other social services providers that focus on helping vulnerable families stay together as a functional family unit.

PERFORMANCE IMPLICATIONS

This bill is consistent with CYFD performance measures relating to “front-end” prevention and early intervention services.

FISCAL IMPLICATIONS

This bill is consistent with CYFD’s efforts to realign financial resources to “front-end” community-based programs to address child and family issues at the earliest opportunity before intensive and costly intervention approaches are necessary. NMPED indicates that there could be a significant fiscal impact on current programs for developing and implementing activities outlined in the bill.

ADMINISTRATIVE IMPLICATIONS

This bill is consistent with CYFD’s efforts to expand “front-end” community-based services. According to NMPED the bill would impact the amount of time the Public Education Department (PED) staff spends on technical assistance, leadership and support for homeless education, nutrition education and the effects that drugs, alcohol and tobacco have on the student, family and community.

This bill would positively impact the amount of time the Public Education Department (PED) staff spends on technical assistance, leadership and support for homeless education, nutrition education and the effects that drugs, alcohol and tobacco will have on the student, family and community.
