

Fiscal impact reports (FIRs) are prepared by the Legislative Finance Committee (LFC) for standing finance committees of the NM Legislature. The LFC does not assume responsibility for the accuracy of these reports if they are used for other purposes.

Current FIRs (in HTML & Adobe PDF formats) are available on the NM Legislative Website (legis.state.nm.us). Adobe PDF versions include all attachments, whereas HTML versions may not. Previously issued FIRs and attachments may be obtained from the LFC in Suite 101 of the State Capitol Building North.

SUMMARY

Synopsis of Bill

House Bill 495 appropriates \$550,000 from the General fund to the Board of Regents of NMSU for expenditure in FY 2008 for operating expenses of the Soil and Water Conservation Commission (SWCC) and for management of Soil and Water Conservation Districts (SWCD). and operation of district programs and projects.

FISCAL IMPLICATIONS

The appropriation of \$550,000 contained in this bill is a recurring expense to the General Fund. . Any unexpended or unencumbered balance remaining at the end of FY 2008 shall revert to the General Fund.

SIGNIFICANT ISSUES

House Bill 495 supports the operation and management of 47 soil and water conservation districts. The SWCC is a seven member commission appointed by the Governor, but currently has no staff and no mechanism for receiving or distributing funds. Staffing for the commission is provided by the New Mexico Department of Agriculture (NMDA). Fiscal management, oversight and accountability functions are conducted by NMDA and New Mexico State University. The Soil and Water Conservation District Act (73-20-25 through 73-20-48 NMSA 1978) states that the Soil and Water Conservation Commission may advise NMDA and the NMSU Board of Regents on any matter affecting soil and water conservation.

The SWCC does not currently receive or manage a budget of its own; non-employee travel and mileage is reimbursed to SWCC members from the NMDA budget.

NMSU-DA Analysis

An analysis by the NMSU general counsel indicates that HB 495 expands the authority and powers of the SWCC beyond the statutory provisions which created the SWCC. The SWCC's role is advisory to the NMSU board of regents. The New Mexico department of agriculture (NMDA) works directly with the SWCC on behalf of the board of regents in carrying out SWCD programs and in its work with the SWCC

This request was submitted to HED by New Mexico State University (NMSU) but was not included in the Department's funding recommendation for FY08.

ADMINISTRATIVE IMPLICATIONS

House Bill 495 creates a potential unintended conflict between the SWCC and the SWCDs because the SWCC acts as an advisory body to NMDA with other clear responsibilities to SWCDs as delineated in the statutory language in Sections 73-20-25 through 73-20-48.

CONFLICT, DUPLICATION, COMPANIONSHIP, RELATIONSHIP

House Bill 495 relates to SB 62 which provides federal matching funds to NMSU for water conservation and resource restoration.

House Bill 495 is a duplicate of SB 12.

AMENDMENTS

As proposed by the New Mexico Department of Agriculture:

Amend HB 495 to remove the language naming the SWCC as a recipient of funding; or create a legal mechanism to allow the SWCC to receive and manage its own budget.
