SUMMARY

Synopsis of Bill

Senate Bill 793 amends Section 48-3-29 NMSA 1978 to provide for enforcement of a perfected lien upon an aircraft registered in a foreign country or upon an aircraft for which no record of registration with the Federal Aviation Administration (FAA) can be found. The lien is to be enforced by judgment of the court having jurisdiction in the county where the lien is filed and a writ of execution pursuant to that judgment. The court may award reasonable attorney fees to the prevailing party.

SB 793 also provides that in the event that an aircraft is to be dismantled or destroyed, it is not necessary, following execution of a judgment, to transfer title to the aircraft under the provisions of the foreign registry or the FAA to the purchaser at a sheriff's sale. Under the bill, notice of the dismantling or destruction and the termination of registration, however, shall be provided by the purchaser to the FAA or the seat of the foreign registry. SB 793 provides that the sheriff's bill of sale is sufficient to transfer the aircraft for the purpose of dismantling and destruction.

FISCAL IMPLICATIONS

There will be a minimal administrative cost for statewide update, distribution and documentation of statutory changes. Any additional fiscal impact on the judiciary would be proportional to the enforcement of this law and enforcement of additional aircraft liens. New laws, amendments to existing laws and new hearings have the potential to increase caseloads in the courts, thus requiring additional resources to handle the increase.

SIGNIFICANT ISSUES

HB 1078 is a duplicate of SB 828 which is, in effect, a substitute for SB 793 which appears to be substantively the same as HB 1078 and SB 828. It appears that technical changes have been made to clarify actions and to comport with industry language and requirements.
