

Item 11 increases funding from \$15 million to \$16 million “to renovate Jeanette Stromberg Hall at Central New Mexico Community College in Albuquerque in Bernalillo County.”

Item 12 strikes \$3 million for “roof improvements and replacement at New Mexico Junior College in Hobbs in Lea County.”

Item 14 increases funding from \$17 million to \$18 million “to plan, design, construct, conduct necessary demolition, renovate, furnish, expand and equip the Hershel Zohn Theatre and Branson Library to house the Institute of Public Policy at New Mexico State University in Las Cruces in Dona Ana County.”

Item 15 increases funding from \$10 million to \$12 million “to demolish the old facility and construct the outpatient services building at the Carrie Tingley hospital at the University of New Mexico’s Health Sciences Center in Albuquerque in Bernalillo County.”

Item 16 increases funding from \$2 million to \$2.5 million “to plan, design and construct a regional wellness center for the Santa Fe Indian School in Santa Fe in Santa Fe County.”

Item 17 increases funding from \$750.0 to \$1 million “to plan, design and construct the Science Technology and Sculpture Foundry Buildings at the Institute of American Indian Arts in Santa Fe County.”

Item 18 decreases funding from \$1.5 million to \$350.0 “to plan, design, construct and improve general classroom facilities at Navajo Technical College in Crownpoint in McKinley County.”

Synopsis of Original Bill

The Senate Finance Committee Substitute for Senate Bill 1 authorizes the issuance of general obligation bonds totaling \$175.5 million including \$640,300 for the cost of issuance for four bond issues. The bond issues include funding for senior citizen facility improvements, library acquisition and construction, public school pre-kindergarten classrooms and public school books and instructional materials, and capital expenditures for higher education, special schools, and tribal institutions. A spreadsheet listing the recipients and proposed allocations within this bill is attached.

FISCAL IMPLICATIONS

According to LFC and DFA consensus estimates, GOB capacity in fiscal year 2010 for issuance in fiscal year 2011 is \$175.3 million. The authorization of \$175.5 million contained in this bill, including \$640.3 for the cost of issuance of the bonds, is a non-recurring expense to GOB capacity. The state agencies and state institutions to which money has been appropriated in this bill shall be responsible for monitoring the projects funded in the Act to ensure compliance with the Constitution and laws of New Mexico and shall cause to be reverted any unexpended or unencumbered balance remaining at the earlier of the third full fiscal year after issuance of the bonds or the termination or completion of the specific project. Reverted funds shall be deposited in the debt service fund established by the state treasurer for the purpose of paying the principal of and interest on the state’s general obligation bonds.

Issuance and sale of general obligation bonds requires approval by the electorate in the 2010 November general election. General obligation bonds are payable from ad valorem (property) taxes levied on all property in the state subject to property taxation. The bonds are backed by the full faith and credit of the state.

If ratified by the voters, the statewide authorizations proposed in this bill includes four separate bond questions as follows: \$7.8 million for senior citizen facilities and equipment, \$7.1 million for library acquisitions and construction, \$5.1 million for public pre-kindergarten classrooms and public school books and instructional materials statewide, and \$155.6 million for higher education, special school, and tribal school facilities. The \$155.6 million includes \$5.3 million for four tribal institutions including: Southwestern Indian Polytechnic Institute (\$1 million), Navajo Technical College (\$1.5 million), Institute of American Indian Arts (\$750,000), and Santa Fe Indian School (\$2 million).

General obligation bonds are approved for issuance by the State Board of Finance in December or January following the general election. Funds authorized in this bill will be available to the recipients between March and April 2011.

SIGNIFICANT ISSUES

According to LFC economists, “the effects of the full \$175.3 million Series 2010 GOB issuance on an average taxpayer with a house value of \$200,000 are expected to be approximately \$26 annually. However, because a portion of the general obligation debt already outstanding will simultaneously reach maturity, the net increase in liability per taxpayer is approximately \$16 for a \$200,000 house.

Some downside risk exists in the GOB forecast based on statements recently made by the Bernalillo County Assessor. Due to a recent court ruling against so call “tax-lightening” the assessor’s office says it plans to roll back property values for homes sold since 2002. This is extremely important to statewide residential property tax values because Bernalillo County makes up more than 35 percent of the statewide total. The City of Albuquerque has made a preliminary estimate that this action would reduce the city’s residential tax base by roughly 4.5 percent. Assuming the decision resulted in a 5 percent decline for residential property within the county as a whole,” LFC economists estimate that this could reduce the fiscal year 2010 GOB capacity by as much as \$5 million.

Other Bernalillo County Developments:

- As of January 8th, approximately 225 lawsuits had been filed seeking a refund for overpaid property taxes.
- A class-action lawsuit was filed in State District Court. The proposed class of plaintiffs would include people who have bought homes since 2001 and subsequently had their property tax values bumped up more than 3 percent for tax purposes.
- Although the class-action is seeking to recover refunds for past years, according to the Bernalillo County Assessor’s office “the law is clear that there is legally no remedy for refunds in prior years.” The state law currently requires refund claims be submitted within 60 days of paying the property tax because money from past years has already been collected, then distributed to government agencies for spending. For this tax year that 60 day window expired on January 8, 2010.
