### SUMMARY

#### Synopsis of Bill

House Business and Industry Committee Substitute for Joint Memorial 11 requests the secretary of the General Services Department (GSD) develop guidance and secure qualified training for chief procurement officers of state agencies and local public bodies by persons experienced with specifications and contract terms in bids and requests for proposals that will promote fair competition and transparency for New Mexico resident businesses and contractors for government contracts. It also directs the secretary to identify a New Mexico resident business or contractor who is a vendor on a statewide price agreement on that agreement.

### FISCAL IMPLICATIONS

In its analysis of the original memorial, GSD suggested that providing new vendor lists could have a small monetary impact on it.

### PERFORMANCE IMPLICATIONS

In its earlier analysis, GSD anticipated it would need to develop new methodologies in light of the memorial, such as a process for listing vendors on price agreements.
