Minimal, RLD estimates additional direct costs between \$10 thousand and \$30 thousand to conduct.

**SIGNIFICANT ISSUES**

DWI continues to be a problem in New Mexico. But new and innovative solutions such as free and subsidized safe rides have begun to show promise of these programs protecting the health, safety and welfare of the citizens of and visitors to New Mexico. On-demand delivery of goods to homes and hotels can further overcome safety issues of driving while impaired by alcohol.

**ADMINISTRATIVE IMPLICATIONS**

The RLD has concerns about being able to complete this additional task by the timeframe allotted.
