### SUMMARY

House Memorial 100 requests the governor form a task force to collect data detailing the unmet needs of Native Americans residing in Santa Fe County.

HM 100 further directs the Indian Affairs Department to oversee the collection of data and identify services provided by the state to Native Americans residing in or commuting into Santa Fe County and formulate recommendations for how the state can more efficiently meet the unmet needs of Native Americans residing in and commuting into Santa Fe County.

IAD is directed to use the tribal liaison created pursuant to the State-Tribal Collaboration Act as the task force and to call on outside groups such as the Santa Fe Indian center, the Pueblo of Tesuque, the federal Indian health service and other local, state and national Native American or non-Native American Indian organizations to assist in gathering data, identifying resources and unmet needs, and assist with formulating recommendations for more efficiently meeting unmet needs.

The department is further directed to report its findings to the appropriate interim legislative committees by September 30, 2015.
