SUMMARY

Synopsis of Bill

Senate Memorial 99 requests the New Mexico Department of Transportation to work with the McKinley County road department to study options to address flood and erosion control for a road in the Turtle butte loop area along interstate 40. The memorial also directs NMDOT and the Mckinley County road department to request the Navajo Nation division of transportation to partner in addressing the flood and erosion issues.

FISCAL IMPLICATIONS

No response was received from NMDOT so the potential fiscal impact of this legislation to the state is unknown. The study will likely require NMDOT staff time, the cost of which could likely be absorbed in the operating budget.
