1 F. For the 2020 tax year and each subsequent tax

3 A of this section shall be adjusted to account for inflation.
4 The department shall make the adjustment by multiplying thirty-

6 which is the consumer price index ending during the prior tax
7 year and the denominator of which is the consumer price index
8 ending in tax year 2019. The result of the multiplication
9 shall be rounded down to the nearest one hundred dollars
10 (\$100), except that if the result would be an amount less than
11 the corresponding amount for the preceding tax year, then no
12 adjustment shall be made.

13 G. The department shall publish annually the amount
14 determined by the calculation made pursuant to Subsection F of
15 this section and provide the calculated amount to each county
16 assessor no later than December 1 of each tax year.
