SECTION III: NARRATIVE

BILL SUMMARY

Synopsis: House Bill 385 would require a sex offender to undergo chemical castration as a condition of parole. Provides terms and conditions for the procedure, to be performed by Corrections Department if the person is incarcerated. Refusal of castration is a parole violation. Does not apply to geriatric or otherwise permanently incapacitated inmates.

FISCAL IMPLICATIONS

The Corrections Department would likely face increased costs related to medical treatment, personnel, training, administration, and compliance monitoring as a result of the legislation. The costs may be offset to some extent by the provision that parolees pay for the treatment; however, significant administrative and operational costs are expected.
