SECTION III: NARRATIVE

BILL SUMMARY

Synopsis:

HB389 would amend sections of the Electronic Medical Records Act. It requires the entity designated as the state's health information exchange shall also function as the state's health data utility. Adding a new definition for health data utility and updating the definition of health information exchange.

FISCAL IMPLICATIONS

None

SIGNIFICANT ISSUES

The current Health Information Exchange is currently not receiving a full set of data from providers. Providers have to pay into the Health Information Exchange in order to access information and input information into the system. There could be limitations in the data because not all providers pay into the system.

PERFORMANCE IMPLICATIONS

None

ADMINISTRATIVE IMPLICATIONS

No immediate IT impact; may require increased collaboration with the health information exchange in the future.
