 3 informs the consumer of any such extension within the initial
 4 forty-five-day response period, together with the reason for
 5 the extension;

6 (2) if a controller declines to take action
 7 regarding the consumer's request, the controller shall inform

 12 section;

13 (3) information provided in response to a

 16 consumer are manifestly unfounded, excessive or repetitive, the
 17 controller may charge the consumer a reasonable fee to cover
 18 the administrative costs of complying with the request or
 19 decline to act on the request. The controller bears the burden
 20 of demonstrating the manifestly unfounded, excessive or
 21 repetitive nature of the request;

22 (4) if a controller is unable to authenticate
 23 the request using commercially reasonable efforts, the

18 Information and Data Protection Act; and

19 (6) providing an effective mechanism for a
20 consumer to revoke the consumer's consent under this section
21 that is at least as easy as the mechanism by which the consumer
22 provided the consumer's consent and, upon revocation of such
23 consent, cease to process the data as soon as practicable, but
24 not later than fifteen days after the receipt of such request.

25 D. A controller shall establish a process for a

1 consumer to appeal the controller's refusal to take action on a
 2 request within a reasonable period of time after the consumer's
 3 receipt of the decision pursuant to Paragraph (2) of Subsection
 4 C of this section. The appeal process shall be conspicuously
 5 available and similar to the process for submitting requests to
 6 initiate action pursuant to Subsection A of this section.

7 Within sixty days of receipt of an appeal, a controller shall
 8 inform the consumer in writing of any action taken or not taken
 9 in response to the appeal, including a written explanation of

 13 consumer may contact the attorney general to submit a
 14 complaint.

15 SECTION 5. [NEW MATERIAL] AUTHORIZED AGENTS AND CONSUMER
 16 OPT-OUT.--A consumer may designate another person to serve as
 17 the consumer's authorized agent, and act on such consumer's
 18 behalf, to opt out of the processing of such consumer's
 19 personal data for one or more of the purposes specified in
 20 Section 4 of the Consumer Information and Data Protection Act.
 21 The consumer may designate such authorized agent by way of,
 22 among other things, a technology, including, but not limited
 23 to, an Internet link or a browser setting, browser extension or
 24 global device setting, indicating such consumer's intent to opt
 25 out of such processing. A controller shall comply with an

1 opt-out request received from an authorized agent if the
2 controller is able to verify, with commercially reasonable
3 effort, the identity of the consumer and the authorized agent's
4 authority to act on such consumer's behalf.

5 SECTION 6. [NEW MATERIAL] DATA CONTROLLER
6 RESPONSIBILITIES--TRANSPARENCY.--

7 A. A controller shall:

8 (1) limit the collection of personal data to
9 what is adequate, relevant and reasonably necessary in relation
10 to the purposes for which such data is processed, as disclosed
11 to the consumer;

12 (2) except as otherwise provided in the
13 Consumer Information and Data Protection Act, not process
14 personal data for purposes that are neither reasonably
15 necessary to nor compatible with the disclosed purposes for
16 which such personal data is processed, as disclosed to the
17 consumer, unless the controller obtains the consumer's consent;

18 (3) establish, implement and maintain
19 reasonable administrative, technical and physical data security
20 practices to protect the confidentiality, integrity and
21 accessibility of personal data. Data security practices shall
22 be appropriate to the volume and nature of the personal data at
23 issue;

24 (4) not process personal data in violation of
25 state and federal laws that prohibit unlawful discrimination

1 against consumers. A controller shall not discriminate against
 2 a consumer for exercising any of the consumer rights contained
 3 in the Consumer Information and Data Protection Act, including
 4 denying goods or services, charging different prices or rates
 5 for goods or services or providing a different level of quality
 6 of goods and services to the consumer. However, nothing in
 7 this subsection shall be construed to require a controller to
 8 provide a product or service that requires the personal data of
 9 a consumer that the controller does not collect or maintain or
 10 to prohibit a controller from offering a different price, rate,
 11 level, quality or selection of goods or services to a consumer,
 12 including offering goods or services for no fee, if the
 13 consumer has exercised the consumer's right to opt out pursuant
 14 to Section 4 of the Consumer Information and Data Protection
 15 Act or the offer is related to a consumer's voluntary
 16 participation in a bona fide loyalty, rewards, premium
 17 features, discounts or club card program; and

18 (5) not process sensitive data concerning a
 19 consumer without obtaining the consumer's consent or, in the
 20 case of the processing of sensitive data concerning a known
 21 child, without processing such data in accordance with the
 22 federal Children's Online Privacy Protection Act of 1998 (15
 23 U.S.C. Section 6501 et seq.).

24 B. Any provision of a contract or agreement of any
 25 kind that purports to waive or limit in any way consumer rights

 [bracketed material] = delete

1 pursuant to the Consumer Information and Data Protection Act
2 shall be deemed contrary to public policy and shall be void and
3 unenforceable.

4 C. A controller shall provide consumers with a
5 reasonably accessible, clear and meaningful privacy notice that
6 includes:

7 (1) the categories of personal data processed
8 by the controller;

9 (2) the purpose for processing personal data;

10 (3) how consumers may exercise their consumer
11 rights, including how a consumer may appeal a controller's
12 decision with regard to the consumer's request;

13 (4) the categories of personal data that the
14 controller shares with third parties, if any;

15 (5) the categories of third parties, if any,
16 with which the controller shares personal data; and

17 (6) an active electronic mail address or other
18 online mechanism that the consumer may use to contact the
19 controller.

20 D. If a controller sells personal data to third
21 parties or processes personal data for targeted advertising,
22 the controller shall clearly and conspicuously disclose such
23 processing, as well as the manner in which a consumer may
24 exercise the right to opt out of such processing.

25 E. A controller shall establish, and shall describe

1 in a privacy notice, one or more secure and reliable means for
 2 consumers to submit a request to exercise their consumer rights
 3 under the Consumer Information and Data Protection Act. Such
 4 means shall take into account the ways in which consumers
 5 normally interact with the controller, the need for secure and
 6 reliable communication of such requests and the ability of the
 7 controller to authenticate the identity of the consumer making
 8 the request. Controllers shall not require a consumer to
 9 create a new account in order to exercise consumer rights
 10 pursuant to Section 4 of the Consumer Information and Data
 11 Protection Act but may require a consumer to use an existing
 12 account.

13 F. Subject to the consent requirement established
 14 by Section 4 of the Consumer Information and Data Protection
 15 Act, no controller shall process any personal data collected
 16 from a known child:

17 (1) for the purposes of targeted advertising,
 18 the sale of such personal data or profiling in furtherance of
 19 decisions that produce legal or similarly significant effects
 20 concerning a consumer;

21 (2) unless such processing is reasonably
 22 necessary to provide the online service, product or feature;

23 (3) for any processing purpose other than the
 24 processing purpose that the controller disclosed at the time
 25 such controller collected such personal data or that is

.230941.3ms

1 reasonably necessary for and compatible with such disclosed
2 purpose; or

3 (4) for longer than is reasonably necessary to
4 provide the online service, product or feature.

5 G. Subject to the consent requirement established
6 by Section 4 of the Consumer Information and Data Protection
7 Act, no controller shall collect precise geolocation data from
8 a known child unless:

9 (1) such precise geolocation data is
10 reasonably necessary for the controller to provide an online
11 service, product or feature and, if such data is necessary to
12 provide such online service, product or feature, such
13 controller shall only collect such data for the time necessary
14 to provide such online service, product or feature; and

15 (2) the controller provides to the known child
16 a signal indicating that such controller is collecting such
17 precise geolocation data, which signal shall be available to
18 such known child for the entire duration of such collection.

19 H. No controller shall engage in the activities
20 described in Subsections F and G of Section 4 of the Consumer
21 Information and Data Protection Act unless the controller
22 obtains consent from the child's parent or legal guardian in
23 accordance with the federal Children's Online Privacy
24 Protection Act of 1998 (15 U.S.C. Section 6501 et seq.).

25 SECTION 7. [NEW MATERIAL] DATA CONTROLLER

1 RESPONSIBILITIES--ONLINE SERVICE, PRODUCT OR FEATURE.--

2 A. Each controller that offers an online service,
 3 product or feature to consumers who are minors younger than the
 4 age of eighteen, whom the controller has actual knowledge or
 5 willfully disregards that they are minors younger than the age
 6 of eighteen, shall use reasonable care to avoid any heightened
 7 risk of harm to such minors caused by the online service,
 8 product or feature.

9 B. Subject to the consent requirement established
 10 in Subsection D of this section, no controller that offers any
 11 online service, product or feature to consumers whom the
 12 controller has actual knowledge or willfully disregards are
 13 minors younger than the age of eighteen shall:

14 (1) process personal data of any minor younger
 15 than the age of eighteen for the purposes of:

- 16 (a) targeted advertising;
 - 17 (b) any sale of personal data; or
 - 18 (c) profiling in furtherance of any
- 19 fully automated decision made by such controller that produces
 20 any legal or similarly significant effect concerning the
 21 provision or denial by such controller of any financial or
 22 lending services, housing, insurance, education enrollment or
 23 opportunity, criminal justice, employment opportunity, health
 24 care services or access to essential goods or services, unless
 25 such processing is reasonably necessary to provide the online

1 service, product or feature, or for any processing purpose
2 other than the processing purpose that the controller disclosed
3 at the time the controller collected the personal data, or that
4 is reasonably necessary for, and compatible with, the
5 processing purpose described in this subsection, or for longer
6 than is reasonably necessary to provide the online service,
7 product or feature; or

8 (2) use any system design feature to
9 significantly increase, sustain or extend any minor younger
10 than the age of eighteen's use of such online service, product
11 or feature. The provisions of this subsection shall not apply
12 to any service or application that is used by and under the
13 direction of an educational entity, including a learning
14 management system or a student engagement program.

15 C. Subject to the consent requirement established
16 in Subsection D of this section, no controller that offers an
17 online service, product or feature to consumers whom the
18 controller has actual knowledge, or willfully disregards, are
19 minors younger than the age of eighteen shall collect the
20 minor's precise geolocation data unless:

21 (1) precise geolocation data is reasonably
22 necessary for the controller to provide the online service,
23 product or feature and, if the data are necessary to provide
24 the online service, product or feature, the controller may only
25 collect the data for the time necessary to provide the online

1 service, product or feature; and

2 (2) the controller provides to the minor a
 3 signal indicating that the controller is collecting the precise
 4 geolocation data, which signal shall be available to the minor
 5 for the entire duration of such collection.

6 D. No controller shall engage in the activities
 7 described in Subsections B and C of this section unless the
 8 controller obtains the consent of the minor younger than the
 9 age of eighteen, or, if the minor is younger than thirteen
 10 years of age, the consent of the minor's parent or legal
 11 guardian. A controller that complies with the verifiable
 12 parental consent requirements established in the federal
 13 Children's Online Privacy Protection Act of 1998, 15 USC 6501
 14 et seq., and the regulations, rules, guidance and exemptions
 15 adopted pursuant to that act, as that act and the regulations,
 16 rules, guidance and exemptions may be amended from time to
 17 time, shall be deemed to have satisfied any requirement to
 18 obtain parental consent under this subsection.

19 E. No controller that offers any online service,
 20 product or feature to consumers whom the controller has actual
 21 knowledge, or willfully disregards, are minors younger than the
 22 age of eighteen shall:

23 (1) provide any consent mechanism that is
 24 designed to substantially subvert or impair, or is manipulated
 25 with the effect of substantially subverting or impairing, user

1 autonomy, decision-making or choice; or

2 (2) except as provided in Subsection F of this
3 section, offer any direct messaging apparatus for use by minors
4 without providing readily accessible and easy-to-use safeguards
5 to limit the ability of adults to send unsolicited
6 communications to minors with whom they are not connected.

7 F. The provisions of Paragraph (2) of Subsection B
8 of this section shall not apply to services when the
9 predominant or exclusive function is:

10 (1) electronic mail; or

11 (2) direct messaging consisting of text,
12 photos or videos that are sent between devices by electronic
13 means, if messages are:

14 (a) shared between the sender and the
15 recipient;

16 (b) only visible to the sender and the
17 recipient; and

18 (c) not posted publicly.

19 SECTION 8. [NEW MATERIAL] DATA CONTROLLER

20 RESPONSIBILITIES--ONLINE SERVICE, PRODUCT OR FEATURE--DATA
21 PROTECTION ASSESSMENTS, REVIEW AND RECORD KEEPING.--

22 A. Each controller that, on or after one year after
23 the effective date of the Consumer Information and Data
24 Protection Act, offers any online service, product or feature
25 to consumers whom the controller has actual knowledge, or

1 willfully disregards, are minors younger than the age of
 2 eighteen shall conduct a data protection assessment for such
 3 online service, product or feature:

4 (1) in a manner that is consistent with the
 5 requirements established in Section 7 of that act; and

6 (2) that addresses:

7 (a) the purpose of the online service,
 8 product or feature;

9 (b) the categories of minors' personal
 10 data that the online service, product or feature processes;

11 (c) the purposes for which the
 12 controller processes minors' personal data with respect to the
 13 online service, product or feature; and

14 (d) any heightened risk of harm to
 15 minors that is a reasonably foreseeable result of offering the
 16 online service, product or feature to minors.

17 B. Each controller that conducts a data protection
 18 assessment pursuant to Subsection A of this section shall:

19 (1) review the data protection assessment as
 20 necessary to account for any material change to the processing
 21 operations of the online service, product or feature that is
 22 the subject of the data protection assessment; and

23 (2) maintain documentation concerning the data
 24 protection assessment for the longer of:

25 (a) the three-year period beginning on

1 the date on which the processing operations cease; or

2 (b) as long as the controller offers the
3 online service, product or feature.

4 C. A single data protection assessment may address
5 a comparable set of processing operations that include similar
6 activities.

7 D. If a controller conducts a data protection
8 assessment for the purpose of complying with another applicable
9 law or regulation, the data protection assessment shall be
10 deemed to satisfy the requirements established in this section
11 if the data protection assessment is reasonably similar in
12 scope and effect to the data protection assessment that would
13 otherwise be conducted pursuant to this section.

14 E. If a controller conducts a data protection
15 assessment pursuant to Subsection A of this section and
16 determines that the online service, product or feature that is
17 the subject of the assessment poses a heightened risk of harm
18 to minors, the controller shall establish and implement a plan
19 to mitigate or eliminate the risk.

20 F. Data protection assessments shall be
21 confidential and shall be exempt from disclosure under the
22 Inspection of Public Records Act. To the extent that any
23 information contained in a data protection assessment disclosed
24 to the attorney general includes information subject to
25 attorney-client privilege or work product protection, the

1 disclosure shall not constitute a waiver of the privilege or
 2 protection.

3 SECTION 9. [NEW MATERIAL] RESPONSIBILITIES OF CONTROLLER
 4 AND PROCESSOR.--

5 A. A processor shall adhere to the instructions of
 6 a controller and shall assist the controller in meeting its
 7 obligations under the Consumer Information and Data Protection
 8 Act. Such assistance shall include:

9 (1) taking into account the nature of
 10 processing and the information available to the processor, by
 11 appropriate technical and organizational measures, insofar as
 12 this is reasonably practicable, to fulfill the controller's
 13 obligation to respond to consumer rights requests pursuant to
 14 Section 4 of the Consumer Information and Data Protection Act;

15 (2) taking into account the nature of
 16 processing and the information available to the processor, by
 17 assisting the controller in meeting the controller's
 18 obligations in relation to the security of processing the
 19 personal data and in relation to the notification of a breach
 20 of security of the system of the processor pursuant to the
 21 Consumer Information and Data Protection Act in order to meet
 22 the controller's obligations; and

23 (3) providing necessary information to enable
 24 the controller to conduct and document data protection
 25 assessments pursuant to the Consumer Information and Data

1 Protection Act.

2 B. A contract between a controller and a processor
3 shall govern the processor's data processing procedures with
4 respect to processing performed on behalf of the controller.
5 The contract shall be binding and clearly set forth
6 instructions for processing data, the nature and purpose of
7 processing, the type of data subject to processing, the
8 duration of processing and the rights and obligations of both
9 parties. The contract shall also include requirements that the
10 processor shall:

11 (1) ensure that each person processing
12 personal data is subject to a duty of confidentiality with
13 respect to the data;

14 (2) at the controller's direction, delete or
15 return all personal data to the controller as requested at the
16 end of the provision of services, unless retention of the
17 personal data is required by law;

18 (3) upon the reasonable request of the
19 controller, make available to the controller all information in
20 its possession necessary to demonstrate the processor's
21 compliance with the obligations in the Consumer Information and
22 Data Protection Act;

23 (4) allow, and cooperate with, reasonable
24 assessments by the controller or the controller's designated
25 assessor; alternatively, the processor may arrange for a

1 qualified and independent assessor to conduct an assessment of
 2 the processor's policies and technical and organizational
 3 measures in support of the obligations under the Consumer
 4 Information and Data Protection Act using an appropriate and
 5 accepted control standard or framework and assessment procedure
 6 for such assessments. The processor shall provide a report of
 7 such assessment to the controller upon request; and

8 (5) engage any subcontractor pursuant to a
 9 written contract in accordance with this section that requires
 10 the subcontractor to meet the obligations of the processor with
 11 respect to the personal data.

12 C. Nothing in this section shall be construed to
 13 relieve a controller or a processor from the liabilities
 14 imposed on it by virtue of its role in the processing
 15 relationship as defined by the Consumer Information and Data
 16 Protection Act.

17 D. Determining whether a person is acting as a
 18 controller or processor with respect to a specific processing
 19 of data is a fact-based determination that depends upon the
 20 context in which personal data is to be processed. A processor
 21 that continues to adhere to a controller's instructions with
 22 respect to a specific processing of personal data remains a
 23 processor.

24 SECTION 10. [NEW MATERIAL] DATA PROTECTION ASSESSMENTS.--

25 A. A controller shall conduct and document a data

1 protection assessment of each of the following processing
2 activities involving personal data:

3 (1) the processing of personal data for
4 purposes of targeted advertising;

5 (2) the sale of personal data;

6 (3) the processing of personal data for
7 purposes of profiling, where such profiling presents a
8 reasonably foreseeable risk of:

9 (a) unfair or deceptive treatment of, or
10 unlawful disparate impact on, consumers;

11 (b) financial, physical or reputational
12 injury to consumers;

13 (c) a physical or other intrusion upon
14 the solitude or seclusion, or the private affairs or concerns,
15 of consumers, where such intrusion would be offensive to a
16 reasonable person; or

17 (d) other substantial injury to
18 consumers;

19 (4) the processing of sensitive data; and

20 (5) any processing activities involving
21 personal data that present a heightened risk of harm to
22 consumers.

23 B. Data protection assessments conducted pursuant
24 to Subsection A of this section shall identify and weigh the
25 benefits that may flow, directly and indirectly, from the

1 processing to the controller, the consumer, other stakeholders
 2 and the public against the potential risks to the rights of the
 3 consumer associated with such processing, as mitigated by
 4 safeguards that can be employed by the controller to reduce
 5 such risks. The use of de-identified data and the reasonable
 6 expectations of consumers, as well as the context of the
 7 processing and the relationship between the controller and the
 8 consumer whose personal data will be processed, shall be
 9 factored into this assessment by the controller.

10 C. The attorney general may request, pursuant to a
 11 civil investigative demand, that a controller disclose any data
 12 protection assessment that is relevant to an investigation
 13 conducted by the attorney general, and the controller shall
 14 make the data protection assessment available to the attorney
 15 general. The attorney general may evaluate the data protection
 16 assessment for compliance with the responsibilities set forth
 17 in Subsection A of this section. Data protection assessments
 18 shall be confidential and exempt from public inspection and
 19 copying under the Inspection of Public Records Act. The
 20 disclosure of a data protection assessment pursuant to a
 21 request from the attorney general shall not constitute a waiver
 22 of attorney-client privilege or work product protection with
 23 respect to the assessment and any information contained in the
 24 assessment.

25 D. A single data protection assessment may address

1 a comparable set of processing operations that include similar
2 activities.

3 E. Data protection assessments conducted by a
4 controller for the purpose of compliance with other laws or
5 regulations may comply under this section if the assessments
6 have a reasonably comparable scope and effect.

7 F. Data protection assessment requirements shall
8 apply to processing activities created or generated after the
9 effective date of the Consumer Information and Data Protection
10 Act and are not retroactive.

11 SECTION 11. [NEW MATERIAL] PROCESSING DE-IDENTIFIED
12 DATA.--

13 A. The controller in possession of de-identified
14 data shall:

15 (1) take reasonable measures to ensure that
16 the data cannot be associated with a natural person;

17 (2) publicly commit to maintaining and using
18 de-identified data without attempting to re-identify the data;
19 and

20 (3) contractually obligate any recipients of
21 the de-identified data to comply with all provisions of the
22 Consumer Information and Data Protection Act.

23 B. Nothing in the Consumer Information and Data
24 Protection Act shall be construed to require a controller or
25 processor to re-identify de-identified data or pseudonymous

1 data or maintain data in identifiable form, or collect, obtain,
 2 retain or access any data or technology, in order to be capable
 3 of associating an authenticated consumer request with personal
 4 data.

5 C. Nothing in the Consumer Information and Data
 6 Protection Act shall be construed to require a controller or
 7 processor to comply with an authenticated consumer rights
 8 request, pursuant to Section 4 of the Consumer Information and
 9 Data Protection Act, if all of the following are true:

10 (1) the controller is not reasonably capable
 11 of associating the request with the personal data or it would
 12 be unreasonably burdensome for the controller to associate the
 13 request with the personal data;

14 (2) the controller does not use the personal
 15 data to recognize or respond to the specific consumer who is
 16 the subject of the personal data or associate the personal data
 17 with other personal data about the same specific consumer; and

18 (3) the controller does not sell the personal
 19 data to any third party or otherwise voluntarily disclose the
 20 personal data to any third party other than a processor, except
 21 as otherwise permitted in this section.

22 D. The consumer rights contained in Section 4 of
 23 the Consumer Information and Data Protection Act shall not
 24 apply to pseudonymous data in cases where the controller is
 25 able to demonstrate any information necessary to identify the

1 consumer is kept separately and is subject to effective
2 technical and organizational controls that prevent the
3 controller from accessing such information.

4 E. A controller that discloses pseudonymous data or
5 de-identified data shall exercise reasonable oversight to
6 monitor compliance with any contractual commitments to which
7 the pseudonymous data or de-identified data is subject and
8 shall take appropriate steps to address any breaches of those
9 contractual commitments.

10 SECTION 12. [NEW MATERIAL] LIMITATIONS.--

11 A. Nothing in the Consumer Information and Data
12 Protection Act shall be construed to restrict a controller's or
13 processor's ability to:

14 (1) comply with federal, state or local laws,
15 rules or regulations;

16 (2) comply with a civil, criminal or
17 regulatory inquiry, investigation, subpoena or summons by
18 federal, state, local or other governmental authorities;

19 (3) cooperate with law enforcement agencies
20 concerning conduct or activity that the controller or processor
21 reasonably and in good faith believes may violate federal,
22 state or local laws, rules or regulations;

23 (4) investigate, establish, exercise, prepare
24 for or defend legal claims;

25 (5) provide a product or service specifically

1 requested by a consumer, perform a contract to which the
 2 consumer is a party, including fulfilling the terms of a
 3 written warranty, or take steps at the request of the consumer
 4 prior to entering into a contract;

5 (6) take immediate steps to protect an
 6 interest that is essential for the life or physical safety of
 7 the consumer or of another natural person and where the
 8 processing cannot be manifestly based on another legal basis;

9 (7) prevent, detect, protect against or
 10 respond to security incidents, identity theft, fraud,
 11 harassment, malicious or deceptive activities or any illegal
 12 activity; preserve the integrity or security of systems; or
 13 investigate, report or prosecute those responsible for any such
 14 action;

15 (8) engage in public or peer-reviewed
 16 scientific or statistical research in the public interest that
 17 adheres to all other applicable ethics and privacy laws and is
 18 approved, monitored and governed by an institutional review
 19 board or similar independent oversight entities that determine:

20 (a) if the deletion of the information
 21 is likely to provide substantial benefits that do not
 22 exclusively accrue to the controller;

23 (b) the expected benefits of the
 24 research outweigh the privacy risks; and

25 (c) if the controller has implemented

1 reasonable safeguards to mitigate privacy risks associated with
2 research, including any risks associated with re-
3 identification; or

4 (9) assist another controller, processor or
5 third party with any of the obligations under this subsection.

6 B. The obligations imposed on controllers or
7 processors under the Consumer Information and Data Protection
8 Act shall not restrict a controller's or processor's ability to
9 collect, use or retain data to:

10 (1) conduct internal research to develop,
11 improve or repair products, services or technology;

12 (2) effectuate a product recall;

13 (3) identify and repair technical errors that
14 impair existing or intended functionality; or

15 (4) perform internal operations that are
16 reasonably aligned with the expectations of the consumer or
17 reasonably anticipated based on the consumer's existing
18 relationship with the controller or are otherwise compatible
19 with processing data in furtherance of the provision of a
20 product or service specifically requested by a consumer or the
21 performance of a contract to which the consumer is a party.

22 C. The obligations imposed on controllers or
23 processors under the Consumer Information and Data Protection
24 Act shall not apply where compliance by the controller or
25 processor with that act would violate an evidentiary privilege

1 under the laws of the state. Nothing in that act shall be
 2 construed to prevent a controller or processor from providing
 3 personal data concerning a consumer to a person covered by an
 4 evidentiary privilege under the laws of the state as part of a
 5 privileged communication.

6 D. A controller or processor that discloses
 7 personal data to a third-party controller or processor, in
 8 compliance with the requirements of the Consumer Information
 9 and Data Protection Act, is not in violation of that act if the
 10 third-party controller or processor that receives and processes
 11 such personal data is in violation of that act; provided that,
 12 at the time of disclosing the personal data, the disclosing
 13 controller or processor did not have actual knowledge that the
 14 recipient intended to commit a violation. A third-party
 15 controller or processor receiving personal data from a
 16 controller or processor in compliance with the requirements of
 17 that act is likewise not in violation of that act for the
 18 transgressions of the controller or processor from which it
 19 receives such personal data.

20 E. Nothing in the Consumer Information and Data
 21 Protection Act shall be construed as an obligation imposed on
 22 controllers and processors that adversely affects the rights or
 23 freedoms of any persons, such as exercising the right of free
 24 speech pursuant to the first amendment to the United States
 25 constitution, or applies to the processing of personal data by

1 a person in the course of a purely personal or household
2 activity.

3 F. Personal data processed by a controller pursuant
4 to this section shall not be processed for any purpose other
5 than those expressly listed in this section unless otherwise
6 allowed by the Consumer Information and Data Protection Act.

7 Personal data processed by a controller pursuant to this
8 section may be processed to the extent that such processing is:

9 (1) reasonably necessary and proportionate to
10 the purposes listed in this section; and

11 (2) adequate, relevant and limited to what is
12 necessary in relation to the specific purposes listed in this
13 section. Personal data collected, used or retained pursuant to
14 Subsection B of this section shall, where applicable, take into
15 account the nature and purpose or purposes of such collection,
16 use or retention. Such data shall be subject to reasonable
17 administrative, technical and physical measures to protect the
18 confidentiality, integrity and accessibility of the personal
19 data and to reduce reasonably foreseeable risks of harm to
20 consumers relating to such collection, use or retention of
21 personal data.

22 G. If a controller processes personal data pursuant
23 to an exemption in this section, the controller bears the
24 burden of demonstrating that such processing qualifies for the
25 exemption and complies with the requirements in Subsection F of

1 this section.

2 H. Processing personal data for the purposes
 3 expressly identified in Subsection A of this section shall not
 4 solely make an entity a controller with respect to such
 5 processing.

6 SECTION 13. [NEW MATERIAL] REQUESTING REMOVAL OF DATA--
 7 ENFORCEMENT.--

8 A. A covered resident shall have the right to
 9 request that a covered platform that processes sensitive data
 10 about the covered resident disclose to the covered resident the
 11 following:

12 (1) the categories of sensitive data that the
 13 covered platform has collected about the covered resident;

14 (2) the sources from which the sensitive data
 15 is collected;

16 (3) the business or commercial purpose for
 17 collecting, selling or sharing sensitive data; and

18 (4) the third parties to whom the covered
 19 platform discloses sensitive data.

20 B. A covered resident shall have the right to
 21 request that a covered platform delete any sensitive data about
 22 the covered resident that the covered platform has collected.

23 C. A covered resident may exercise the rights set
 24 forth in this section by submitting a request, at any time, to
 25 a covered platform. The covered platform shall do the

1 following to comply with this section:

2 (1) make available to covered residents two or
3 more designated methods for submitting a request for disclosure
4 or deletion of sensitive data, including, at a minimum, an
5 email address for submitting requests. The method for
6 submitting requests shall be user-friendly, clearly described
7 and easy to use by an average covered resident and shall not
8 require that the covered resident provide additional
9 information beyond what is necessary;

10 (2) disclose and deliver the required
11 information to a covered resident or delete a covered
12 resident's sensitive data within thirty days of receiving a
13 verifiable covered resident request from the covered resident.
14 The covered platform shall promptly take steps to determine
15 whether the request is a verifiable covered resident request,
16 but this shall not extend the covered platform's duty to
17 disclose and deliver the information or to delete the
18 information within thirty days of receipt of the covered
19 resident's request; and

20 (3) the covered platform may require
21 authentication of the covered resident that is reasonable in
22 light of the nature of the personal information requested but
23 shall not require the covered resident to create an account
24 with the covered platform in order to make a verifiable covered
25 resident request; provided that, if the covered resident has an

1 account with the covered platform, the covered platform may
 2 require the covered resident to use that account to submit a
 3 verifiable covered resident request.

4 D. The attorney general may enforce the provisions
 5 of this section. Whenever the attorney general has reasonable
 6 cause to believe that any person has engaged in, is engaging in
 7 or is about to engage in any violation of this section, the
 8 attorney general is empowered to issue a civil investigative
 9 demand. A person issued an investigative demand shall produce
 10 the material sought and shall permit it to be copied and
 11 inspected. The demand of the attorney general and any material
 12 produced in response to it shall not be a matter of public
 13 record and shall not be published by the attorney general
 14 except by order of the court.

15 E. Upon reasonable belief that there has been a
 16 violation of this section, the attorney general:

17 (1) may bring an action in the name of the
 18 state to enforce the provisions of this section;

19 (2) may petition the court for injunctive
 20 relief;

21 (3) shall not be required to post bond when
 22 seeking a temporary or permanent injunction; and

23 (4) may recover on behalf of the state a
 24 penalty of ten thousand dollars (\$10,000) for each violation of
 25 this section.

1 SECTION 14. ~~[NEW MATERIAL]~~ DATA IN THE POSSESSION OF
2 FEDERAL AGENCIES.--

3 A. No person may share, disclose, re-disclose or
4 otherwise disseminate a covered resident's sensitive data in
5 the possession of a federal agency without the consent of the
6 covered resident, except where that disclosure is pursuant to a
7 law lawfully enacted by the federal government.

8 B. The federal government may not, without lawfully
9 preempting state law, interfere with the rights specified in
10 this section.

11 C. The attorney general may enforce the provisions
12 of this section. Whenever the attorney general has reasonable
13 cause to believe that any person has engaged in, is engaging in
14 or is about to engage in any violation of the Consumer
15 Information and Data Protection Act, the attorney general is
16 empowered to issue a civil investigative demand. A person
17 issued an investigative demand shall produce the material
18 sought and shall permit it to be copied and inspected. The
19 demand of the attorney general and any material produced in
20 response to it shall not be a matter of public record and shall
21 not be published by the attorney general except by order of the
22 court. Upon reasonable belief that there has been a violation
23 of this section, the attorney general:

24 (1) may bring an action in the name of the
25 state to enforce the provisions of this section;

1 (2) may petition the court for injunctive
2 relief;

3 (3) shall not be required to post bond when
4 seeking a temporary or permanent injunction; and

5 (4) may recover on behalf of the state a
6 penalty of ten thousand dollars (\$10,000) for each violation of
7 this section.

8 SECTION 15. [NEW MATERIAL] INVESTIGATIVE AUTHORITY.--

9 Whenever the attorney general has reasonable cause to believe
10 that any person has engaged in, is engaging in or is about to
11 engage in any violation of the Consumer Information and Data
12 Protection Act, the attorney general is empowered to issue a
13 civil investigative demand.

14 SECTION 16. [NEW MATERIAL] ENFORCEMENT--CIVIL

15 PENALTIES.--

16 A. The attorney general shall have authority to
17 enforce the provisions of the Consumer Information and Data
18 Protection Act.

19 B. Prior to initiating any action under the
20 Consumer Information and Data Protection Act other than as
21 specified in Section 13 or 14 of that act, the attorney general
22 shall provide a controller or processor thirty days' written
23 notice identifying the specific provisions of the Consumer
24 Information and Data Protection Act the attorney general
25 alleges have been or are being violated. If within the thirty-

1 day period the controller or processor cures the noticed
2 violation and provides the attorney general an express written
3 statement that the alleged violations have been cured and that
4 no further violations shall occur, no action shall be initiated
5 against the controller or processor.

6 C. If a controller or processor continues to
7 violate the Consumer Information and Data Protection Act
8 following the cure period in Subsection B of this section or
9 breaches an express written statement provided to the attorney
10 general under that subsection, the attorney general may
11 initiate an action and may seek an injunction to restrain any
12 violations of that act and civil penalties of up to ten
13 thousand dollars (\$10,000) for each violation under that act.

14 D. The attorney general may recover reasonable
15 attorney fees and costs of investigation and enforcement
16 whenever a court finds a violation of the Consumer Information
17 and Data Protection Act.

18 E. Nothing in the Consumer Information and Data
19 Protection Act shall be construed as providing the basis for,
20 or be subject to, a private right of action for violations of
21 that act or under any other law.

22 SECTION 17. [NEW MATERIAL] SEVERABILITY.--

23 A. Every provision, section, subsection, sentence,
24 clause, phrase or word in the Consumer Information and Data
25 Protection Act, and every application of the provisions in that

1 act, are severable from each other.

2 B. If any application of any provision in the
 3 Consumer Information and Data Protection Act to any person,
 4 group of persons or circumstances is found by a court to be
 5 invalid or unconstitutional, the remaining applications of that
 6 provision to all other persons and circumstances shall be
 7 severed and shall not be affected. All constitutionally valid
 8 applications of the Consumer Information and Data
 9 Protection Act shall be severed from any applications that a
 10 court finds to be invalid, leaving the valid applications in
 11 force, because it is the legislature's intent and priority that
 12 the valid applications be allowed to stand alone. Even if a
 13 reviewing court finds a provision of the Consumer Information
 14 and Data Protection Act to impose an undue burden in a large or
 15 substantial fraction of relevant cases, the applications that
 16 do not present an undue burden shall be severed from the
 17 remaining applications, shall remain in force and shall be
 18 treated as if the legislature had enacted a statute limited to
 19 the persons, group of persons or circumstances for which the
 20 statute's application does not present an undue burden.

21 C. If any court declares or finds a provision of
 22 the Consumer Information and Data Protection Act facially
 23 unconstitutional, when discrete applications of that provision
 24 can be enforced against a person, group of persons or
 25 circumstances without violating the United States constitution

1 and the constitution of New Mexico, those applications shall be
2 severed from all remaining applications of the provision, and
3 the provision shall be interpreted as if the legislature had
4 enacted a provision limited to the persons, group of persons or
5 circumstances for which the provision's application will not
6 violate the United States constitution and the constitution of
7 New Mexico.

8 D. The legislature further declares that it would
9 have enacted the Consumer Information and Data Protection Act,
10 and each provision, section, subsection, sentence, clause,
11 phrase or word, and all constitutional applications of that
12 act, regardless of the fact that any provision, section,
13 subsection, sentence, clause, phrase or word, or applications
14 of that act, were to be declared unconstitutional or to
15 represent an undue burden.

16 E. If any provision of the Consumer Information and
17 Data Protection Act is found by any court to be
18 unconstitutionally vague, then the applications of that
19 provision that do not present constitutional vagueness problems
20 shall be severed and remain in force.

21 F. No court may decline to enforce the severability
22 requirements of Subsections A through E of this section on the
23 ground that severance would rewrite the statute or involve the
24 court in legislative or lawmaking activity. A court that
25 declines to enforce or enjoins a state official from enforcing

1 a statutory provision does not rewrite a statute, as the
 2 statute continues to contain the same words as before the
 3 court's decision. A judicial injunction or declaration of
 4 unconstitutionality:

5 (1) is nothing more than an edict prohibiting
 6 enforcement that may subsequently be vacated by a later court
 7 if that court has a different understanding of the requirements
 8 of the constitution of New Mexico or the United States
 9 constitution;

10 (2) is not a formal amendment of the language
 11 in a statute; and

12 (3) no more rewrites a statute than a decision
 13 by the executive not to enforce a duly enacted statute in a
 14 limited and defined set of circumstances.
