

1 SENATE BILL 210

2 **57TH LEGISLATURE - STATE OF NEW MEXICO - FIRST SESSION, 2025**

3 INTRODUCED BY

4 Pete Campos and Antoinette Sedillo Lopez and Kathleen Cates  
5 and Matthew McQueen and James G. Townsend  
6  
7  
8  
9

10 AN ACT

11 RELATING TO WATER; INCREASING THE MAXIMUM PENALTY FOR A  
12 VIOLATION OF WATER LAW; PROVIDING FOR AN ANNUAL INCREASE IN  
13 PENALTIES FOR A VIOLATION OF WATER LAW TO ACCOUNT FOR  
14 INFLATION.  
15

16 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

17 SECTION 1. Section 72-2-18 NMSA 1978 (being Laws 2001,  
18 Chapter 143, Section 1, as amended) is amended to read:

19 "72-2-18. STATE ENGINEER--ENFORCEMENT--COMPLIANCE  
20 ORDERS--PENALTY.--

21 A. When a person, pursuant to a finding of fact,  
22 violates a requirement or prohibition of Chapter 72 NMSA 1978,  
23 a regulation, code, order or special order adopted by the state  
24 engineer pursuant to Section 72-2-8 NMSA 1978, a condition of a  
25 permit or license issued by the state engineer pursuant to law

.230044.2

[bracketed material] = delete

underscoring material = new  
~~[bracketed material] = delete~~

1 or an order entered by a court adjudicating a water right, the  
2 state engineer may, in addition to any other remedies available  
3 under law, issue a compliance order stating with reasonable  
4 specificity the nature of the violation and requiring  
5 compliance within a specified time period. A compliance order  
6 shall not be effective against ~~[any]~~ a party other than the  
7 person against whom the compliance order is issued.

8 B. This section shall not be construed to affect or  
9 interfere with any jurisdiction of an irrigation district,  
10 conservancy district, a state court, a federal court or an  
11 Indian nation, tribe or pueblo to enforce its orders and  
12 decrees pertaining to water rights.

13 C. A compliance order may include an order to cease  
14 the violation of a requirement or prohibition of Chapter 72  
15 NMSA 1978, a directive issued in accordance with the provisions  
16 of Section 72-2-8 NMSA 1978, a condition of a permit or license  
17 issued by the state engineer or an order entered by a court  
18 adjudicating a water right.

19 D. The state engineer shall provide an opportunity  
20 for the person named in the compliance order to have a hearing  
21 on the alleged violation pursuant to Section 72-2-16 NMSA 1978.  
22 A hearing shall be held if a written request is made to the  
23 state engineer within thirty days after receipt of the notice  
24 of the compliance order ~~[sent by certified mail]~~. A compliance  
25 order issued pursuant to this section shall become final unless

.230044.2

underscored material = new  
[bracketed material] = delete

1 the person named in the order submits a written request for a  
2 hearing to the state engineer within thirty days of receipt of  
3 the order. A compliance order shall be enforceable only upon  
4 becoming final. Nothing in this section shall prohibit the  
5 person named in the order from pursuing an informal resolution  
6 of the matter after a timely request for hearing has been made.

7 E. A compliance order may require repayment of  
8 water that was overdiverted or illegally diverted. Repayment  
9 of water may be up to double the amount of the overdiversion or  
10 illegal diversion. In determining the repayment of water  
11 beyond the amount overdiverted or illegally diverted, the state  
12 engineer shall take into consideration the seriousness of the  
13 violation, any good faith efforts to comply with the applicable  
14 requirements and any other relevant factors. Any requirement  
15 to repay water shall not be enforceable until the compliance  
16 order becomes final. Installation of a measuring device may be  
17 required prior to any future diversion of water. Repayment of  
18 water is the preferred remedy for violations under this  
19 section. The state engineer shall only pursue penalties under  
20 Subsection G of this section for violations that do not involve  
21 overdiversion of water or where repayment of water is not  
22 possible or is insufficient to deter future violations.

23 F. Any appeal to district court shall be conducted  
24 pursuant to Chapter 72, Article 7 NMSA 1978 and shall not stay  
25 enforcement of the compliance order unless ordered by the

.230044.2

underscored material = new  
[bracketed material] = delete

1 district court.

2 G. ~~[After a compliance order becomes final]~~ Prior  
3 to issuing a compliance order, the state engineer may issue a  
4 written notice of violation. After issuing a written notice of  
5 violation, the state engineer may assess a civil penalty of up  
6 to [one hundred dollars (\$100)] two thousand dollars (\$2,000)  
7 per day for [violation of the compliance order. Any civil  
8 penalty assessed shall accrue from the date of assessment of  
9 the penalty] each day during any portion of which the violation  
10 continues. If the overdiverted or illegally diverted water is  
11 sold, the maximum penalty shall be double the economic benefit  
12 to the violator resulting from the violation. In determining  
13 the amount of the civil penalty, the state engineer shall take  
14 into consideration the seriousness of the violation, any good  
15 faith efforts to comply with the applicable requirements and  
16 any other relevant factors. A compliance order may require  
17 payment of the assessed civil penalty accruing from the date of  
18 the notice of violation. The civil penalty shall not be  
19 enforceable until the compliance order becomes final.

20 H. If a person does not comply with a compliance  
21 order, the state engineer may file a civil action to enforce  
22 the compliance order and receive any of the remedies provided  
23 in this section, including injunctive relief.

24 I. On July 1, 2027 and on July 1 of each successive  
25 year, the state engineer shall adjust the maximum penalty

.230044.2

underscored material = new  
[bracketed material] = delete

1 amount established in Subsection G of this section to account  
2 for inflation. The amount shall be increased by the percentage  
3 change in the consumer price index, not seasonally adjusted,  
4 for all urban consumers, United States city average for all  
5 items, or its successor index, as published by the United  
6 States department of labor for the preceding calendar year or  
7 years beginning January 1, 2026. The amount of the increase,  
8 if any, shall be rounded to the nearest dollar but shall not  
9 exceed one hundred fifty percent of the current penalty amount.  
10 By June 1, 2027 and by June 1 of each successive year, the  
11 state engineer shall post on the state engineer's website the  
12 maximum penalty amount for the next fiscal year."

13 SECTION 2. Section 72-5A-12 NMSA 1978 (being Laws 1999,  
14 Chapter 285, Section 12) is amended to read:

15 "72-5A-12. PENALTIES.--

16 A. A person who or governmental entity that is  
17 determined to be in violation of the Ground Water Storage and  
18 Recovery Act or a permit issued or rules adopted pursuant to  
19 the act may be assessed a civil penalty in an amount not  
20 exceeding:

21 (1) [~~one hundred dollars (\$100)~~] two thousand  
22 dollars (\$2,000) per day of violation not directly related to  
23 the illegal recovery or use of stored water; or

24 (2) ten thousand dollars (\$10,000) per day  
25 of violation directly related to the illegal recovery or use of

.230044.2

underscored material = new  
[bracketed material] = delete

1 stored water.

2 B. An action to recover penalties pursuant to this  
3 section shall be brought by the state engineer in the district  
4 court in which the violation occurred.

5 C. On July 1, 2027 and on July 1 of each successive  
6 year, the state engineer shall adjust the maximum penalty  
7 amount established in Subsection A of this section to account  
8 for inflation. The amount shall be increased by the percentage  
9 change in the consumer price index, not seasonally adjusted,  
10 for all urban consumers, United States city average for all  
11 items, or its successor index, as published by the United  
12 States department of labor for the preceding calendar year or  
13 years beginning January 1, 2026. The amount of the increase,  
14 if any, shall be rounded to the nearest dollar but shall not  
15 exceed one hundred fifty percent of the current penalty amount.  
16 By June 1, 2027 and by June 1 of each successive year, the  
17 state engineer shall post on the state engineer's website the  
18 maximum penalty amount for the next fiscal year."

19 SECTION 3. Section 72-12-14 NMSA 1978 (being Laws 1949,  
20 Chapter 178, Section 3) is amended to read:

21 "72-12-14. SUSPENSION OR REVOCATION OF LICENSE--APPEAL--  
22 DAMAGES.--[Any license issued under the provisions of this act  
23 may be suspended or revoked by]

24 A. Upon notice and after opportunity for a hearing,  
25 the state engineer [~~upon notice and hearing, in the event that~~

.230044.2

underscoring material = new  
[bracketed material] = delete

1 ~~the license shall have violated any~~ may suspend or revoke a  
2 license issued under the provisions of Sections 72-12-12  
3 through 72-12-17 NMSA 1978 for a violation of a condition of  
4 ~~[the]~~ a bond maintained [by him] as a prerequisite for ~~[such]~~  
5 the license. Appeals from the decision of the state engineer  
6 may be taken to ~~[the district courts of the state]~~ a district  
7 court in the same manner ~~[and with like effect]~~ as ~~[now]~~  
8 provided for other appeals from action of the state engineer.  
9 In the event of such breach, the state engineer, on behalf of  
10 the state ~~[of New Mexico]~~ and any other person injured  
11 ~~[thereby]~~ by the breach, is authorized to recover in a civil  
12 suit in the district court of the county where the well  
13 involved is located, judgment for ~~[such]~~ damages ~~[as may have~~  
14 ~~been]~~ sustained by reason ~~[thereof]~~ of the breach. In  
15 addition, the state engineer is authorized to recover on behalf  
16 of the state ~~[of New Mexico]~~ a civil penalty in an amount to be  
17 determined by the district court ~~[in which the action is tried]~~  
18 not to exceed ~~[\$1,000.00]~~ ten thousand dollars (\$10,000), and  
19 judgment for both damages and penalty shall be against the  
20 principal and sureties ~~[upon said]~~ on the bonds.

21 B. On July 1, 2027 and on July 1 of each successive  
22 year, the state engineer shall adjust the maximum penalty  
23 amount established in Subsection A of this section to account  
24 for inflation. The amount shall be increased by the percentage  
25 change in the consumer price index, not seasonally adjusted,

.230044.2

underscoring material = new  
[bracketed material] = delete

1 for all urban consumers, United States city average for all  
2 items, or its successor index, as published by the United  
3 States department of labor for the preceding calendar year or  
4 years beginning January 1, 2026. The amount of the increase,  
5 if any, shall be rounded to the nearest dollar but shall not  
6 exceed one hundred fifty percent of the current penalty amount.  
7 By June 1, 2027 and by June 1 of each successive year, the  
8 state engineer shall post on the state engineer's website the  
9 maximum penalty amount for the next fiscal year."
